Konftel C50800 Attach
Add real capability. Expandable in room AV kit.

The Konftel C50800 Attach is optimized for in room PC solutions such as Microsoft Teams Rooms and Zoom Rooms. A premium video collaboration solution for small to large meeting rooms, that with optional audio expansion can go into extra large scenarios. Delivering outstanding image and audio quality, the package includes the Konftel Cam50 PTZ conference camera with the Konftel 800 conference phone and a long active audio cable.

Meeting room video solutions based on an in room PC and often a control pad, are simple to operate and a preference for many IT departments. Popular options are the preconfigured Microsoft Teams Rooms and Zoom Rooms, while some choose a more open platform approach. But to bring the system to life a high quality conference camera and speakerphone needs to be connected. The Konftel C50800 Attach video kit works with all in room PC variants.

IMPRESSIVE OPTICS

The Konftel Cam50 brings exceptional image quality to your video conferences at a fraction of the cost of other comparable conference cameras with PTZ (Pan-Tilt-Zoom). It is based around premium class optics and outstanding precision – all the way from the lenses to the image sensor and the technology used to optimize the quality of the video. Even in low light, the image is crisp and clear.

MAXIMIZE AUDIO PLACEMENT

The Konftel C50800 Attach kit comes complete with a special 10 meter active USB audio cable, to reach back from the PC in front of the room to the speakerphone for central placement on the table.

OMNISOUND FOR POWER AND CLARITY

Konftel's refined audio platform OmniSound® works actively to keep the dialog flowing in your meeting. In the Konftel 800, the result is particularly powerful and clear sound that allows participants to relax, knowing that they can hear well and be heard. This creates a natural sense of presence.

## Expand the Konftel 800 into really large rooms

EXPAND THE VOICE PICK-UP

With the Konftel Smart Microphone, you can expand the pick-up range to handle larger conferences. Connect one or two expansion microphones, depending on the size of the room. The Konftel Smart Microphone has built-in cancellation of echo and background noise through OmniSound®.

MAXIMIZE THE AUDIO EXPERIENCE

The cascading feature extends both the sound distribution and pick-up range for maximum coverage, giving you rich and full audio even in extra large rooms. Up to three Konftel 800 devices can be daisy-chained by cable, completely without hassle and complexity.

A SENSE OF PRESENCE

Medium and large meeting rooms are the PTZ camera's natural habitat. A 72.5° field of view creates a sense of presence right from the start and it's easy to zoom in to a suitable level. You can test the Konftel Cam50's performance by taking the 12x optical zoom all the way. Show notes on a whiteboard or details of a product sample with impressive clarity.

CLIMATE NEUTRAL PRODUCTS

Konftel is certified in line with the Climate Neutral standard. This means that we have offset all our greenhouse gas emissions and are taking action to further reduce those emissions. When you choose a Konftel product, you keep a clear climate conscience while supporting your organization's growing need for video collaboration.
