

Multi-Enclosure Universal Desk Mount

For VESA Compatible Devices

ADD-PARAMULTI

Universal Desk Mount

CTA Digital's Multi-Enclosure Universal Desk Mount creates an up to three-tablet tower, ideal for use as a point-of-sale unit for multiple food delivery services or even warehouse inventory management. A heavy base holds a center support that can be adjusted from to an up to 30 degree angle for optimal viewing. The top third of the support hinges to create an instant two-sided station. Height adjustments allow the space necessary to use tablets in either portrait or landscape modes. Works seamlessly with any of CTA's VESA-compatible enclosures and holders (sold separately). This item also comes as a kit with 3 included enclosures (PAD-PARAMULTI).

Features:

- Versatile heavy-duty food delivery service management tower
- Top monitor can angle to opposite side of bottom 2 monitors for 2-sided use, or can be used as a stack of 3 for 1-sided use
- Adjustment joints can be easily tightened with included Allen Key
- Bolts are covered with stylish rubber covers
- All cables can be neatly routed through hollow center post
- Height adjustable 5" range allows for optimal viewing angles
- Works seamlessly with any of CTA's VESA-compatible enclosures and holders (sold separately). This item also comes as a kit with 3 included enclosures (PAD-PARAMULTI).

**Enclosures for Illustration Purposes and Not Included
