MORPHEUS³⁶⁰

HP9750 Series VERVE HD Hybrid ANC Wireless Over-Ear Headphones

■ Qualcomm® aptX™ HD

We designed our Wireless Headphones with the aptX HD Sound Codec for a truly immersive experience. We then added 40mm Titanium Drivers to accentuate the driver performance. Enjoy listening to the finer details of your music or movies in high-definition sound with powerful bass and experience the subtle nuances of better than CD quality.

■ HYBRID Active Noise Cancelling

Hybrid Active Noise Cancelling detects and virtually eliminates background noise such as automobile traffic and airplane engines by up to 30dB to allow you to focus on what's important. Turn the ANC Button on when you need to hear what is happening around you, while still listening to music or movies. Includes an adapter for the airplane, so you can enjoy full stereo when traveling.

■ Extended 50-Hour Playtime

our Wireless Headphones are built to last up to 50 hours of use on a single charge. Designed to support 2x Fast charging via USB Type-C charging port and fast-charging battery. Our Headphones also work in wired mode with the included USB Type-C to 3.5mm wired cable.

■ Bluetooth® 5.1

we designed our Wireless Headphones on the Bluetooth® 5.1 platform, allowing our VERVE HD Hybrid Active Noise Cancelling Headphones to communicate as Bluetooth® low energy devices, providing a stronger signal for better stability and improved battery life up to 50 hours.

■ USB Type-C Fast Charging

we engineered our VERVE HD Bluetooth Headphones with USB Type-C fast charging and a specialized battery that charges twice as fast. In the rare case that your Wireless Headphones run out of power, a 15 minute quick charge will provide up to 5 hours of use.
