

ASUS ExpertCenter D5 SFF D500SD

Exceptional small-business value

ASUS ExpertCenter D5 SFF features powerful, dependable and expandable performance, created especially for the unique needs of small businesses. Its ultracompact, flexible and sleek small form factor allows business users to enjoy a flexible and neat workspace. Also, with help of our simplified small-business support services, you can enjoy reduced downtime and lower total cost of ownership.

ASUS ExpertCenter D5 SFF D500SD

Whether you want to save space, create a tidy workspace, fit more computers into offices or connect more business peripherals, slim and compact ExpertCenter D5 SFF is made for you. To ensure both consistent performance and minimum noise from a small package, we optimized ExpertCenter D5 SFF's thermal design by creating dedicated isolated air chambers for PC's main heat generators to prevent heat pooling inside — ensuring quiet operation even during its highest performance.

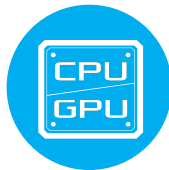

Ready for the Business World

A full array of I/O ports is ready to connect to a wide range of business peripherals. Flexible serial and parallel ports on chassis leave more PCI slots available for additional upgrades.

Stay Secure, Anywhere

ASUS understands that IT security must evolve to effectively serve as the first line of defense against business disruptions. ExpertCenter desktops feature sophisticated security features to keep your business, and its future, safe.

Exceptional performance

To make light work of all your business tasks, ExpertCenter D5 SFF is powered by a cutting-edge 12th Gen Intel® Core™ processor with the latest DDR4 RAM.

Compact and Flexible

Designed to fit any workspace, ExpertCenter D5 SFF has a modern, compact and stylish small-form-factor chassis that can stand either vertically or horizontally.
