

FLEX-PHONES™

Indestructible EVA Foam Headphones – in Packs of 42

**NOW AVAILABLE
IN PACKS
OF 42**

KIDSBLU-42, KIDSBLK-42

"Twist-'Em, Turn-'Em, Kids Can't Break 'Em!

HamiltonBuhl® Flex-Phones™ are made from a single piece of EVA foam. EVA is a safe, non-toxic, BPA-free, soft, flexible, nearly indestructible product. These headphones are ideal for younger students that are tough on their headphones!

Flex-Phones™ are certified for all major USA and international child safety testing standards and are recommended for children ages 3 and up. The extremely clear sound quality will never exceed 85 decibels, ensuring young developing ears are protected.

Flex-Phones™ headphones are packaged with a snap-on extension band for smaller children – just snap on for a more snug fit.

All Flex-Phones™ headphones feature the exclusive Dura-Cord™ – the chew, kink and knot-resistant, PVC-jacketed, braided cord.

Choose a bundle - each comes with 42 pieces – at a great value!
