A Bucket Today?

A more sustainable choice
than our metal models!

NEW Bamboo Early Learning Station

This easel has a natural aesthetic better suited for neutral and early childhood environments. It is a more sustainable choice than our metal models because it has a smaller carbon footprint. Bamboo is a renewable resource that grows quickly and absorbs carbon, unlike steel which produces carbon. With multiple activity-based features, it is perfect for preschool to grade one classes. The station provides teachers with quick set-up and the ability to change lessons when needed. Available in two different color combinations.

Features:

Bamboo Early Learning Station (ELS2)

- 2 magnetic dry-erase whiteboards, one side with solid/dotted/solid line sequence
- Roll-up felt for creative play, along with corner ties and magnets to secure on station
- Safety Cap™ premium book ledge that locks into multiple positions
- 2 Large Sage Open Tubs
- 4 Snap-on chart paper and accessory hooks
- Frame folds for easy storage
- 2" locking casters

Bamboo Early Learning Station (ELS2-VM)

Same features as above, but tubs and book ledge change color

Dimensions:

47 3/4" H x 26 1/4" W x 29 1/2" D

Warranty

Lifetime frame and tub
5 year whiteboard replacement program

Sage color combo (ELS2-S)

Vibrant color combo (ELS2-VM)

Giving Back

For every bamboo product purchased, Copernicus will make a donation to conserve natural panda habitat through the World Wildlife Fund.
