Anti-Theft Security Case with Stand (White)

Keep your tablet protected and secured with CTA Digital's Anti-Theft Security Case with Stand for iPad. This is an ideal security enclosure and stand solution for display, point of sale, or personal use. The slim but strong case is adaptable – and can fit an array of Apple devices including iPad 5th-9th Gen, iPad Air 1-3 & iPad Pro 9.7" and 10.5". The enclosure is designed with full access to all ports and buttons. To use, extend the adjustable arms and slide tablet between bottom brackets to the top of the enclosure. If using smaller tablets, insert the L-shaped adapter into the left side of the enclosure. Then, tighten arm brackets to snugly hold the tablet in place. The kiosk can be secured with the included cable lock. Loop cable around a table leg or other permanent anchor, then insert lock into the stand's K slot and turn the key. The case tilts 180° and also rotates for use in both portrait and landscape orientations. The solid silver galvanized stand has a padded base to protect surfaces, and can be permanently installed to countertops or tables via pre-drilled holes.

Features:

- Lockable case can be secured with included cable lock and key.
- Easily adjust viewing angle 180° or rotate for use in portrait and landscape orientations.
