

Keep Your Chromebooks Safe Thanks to Military Grade Toughness

The CTL Chromebook PX Series

The CTL Chromebook PX Series is built with military grade durability and quality to withstand the rigors of the classroom and the boardroom and everywhere in between. These devices passed rigorous Mil-STD 810H testing to insure their longevity, endurance, and performance.

Pressure

Passed

Withstand 30 kg pressure

Shock

Passed

Drop Test

Port Durability

Passed

5,000 test cycles

Hinge

Passed

20,000 test cycles

Temperature

Passed

Low of -60°F and
High of 160°F

Vibration

Passed

Wheeled vehicle
vibration exposure
