Product description

- Flexible media trolley for video conferences and presentations in small groups
- Safe when in motion and stable when in use thanks to 75 mm rollers with brakes
- Mobile and easy to use thanks to comfortable handles and cable holder in the profile frame
- Integrated cable management in the aluminium profile frame
- High-quality glued CDF body with multiple openings for cable management and heat extraction
- Upper compartment for storing small devices such as remote control, mouse, keyboard, cables, etc.
- Compartment with grip hole for a mini PC
- Lower compartment for additional hardware accessories such as batteries, 3-socket power strip, extension cable, etc.
- Cable outlets in the back of the frame to reach a power socket, at the sides for connecting to a laptop and at the bottom at the front for a charging cable
- Monitor/TV can be adjusted in height during assembly
- Monitor can be pushed right up to the edge of the table and the body will be concealed by the table (monitor dimensions)
