

Making the Difference

MITYBILT

Educational Furniture

Collaborative Learning Tables

Discover AKTIVITY. With all the coming and going, a busy classroom needs to multitask. The right layout can manage the activity. Size, shape, height and, of course, colour is important. Only Activity will plan your classroom with the children in mind.

In small groups, students share strengths, overcome their weaker skills, develop their interpersonal skills and also learn to deal with conflict. When cooperative groups are guided by clear objectives, students engage in numerous activities that improve their understanding of subjects explored.

Features

- A.** 1" thick high quality particle board
 - B.** High pressure scratch resistant laminate for longevity
 - C.** Durable powdercoat finish; for the sake of the environment
 - D.** Vinyl T-mold glued the entire way around for maximum security
 - E.** Rounded corners for safety
 - F.** Adjustable height legs 17-25" or 22-30"
 - G.** Quiet simple glide
 - H.** Laser cut support bracket for ultimate strength. Exclusive to MityBilt.
- * LIMITED LIFETIME WARRANTY**

The new **No Tool Adjustable Leg** allows the table height to be quickly and easily altered without the need of any tools. The screw style also allows for finer adjustments to accommodative a steady table even on uneven floors. Available in adjustable height ranges of 17-25" or 22-30"

Strategic Learning

Guided reading is a strategy that helps students become better readers. Although guided reading has been traditionally associated with primary grades it can be modified and used successfully in all grade levels. When the proper books are selected, students are able to read with approximately 90% accuracy. This enables the students to enjoy the story to its fullest capacity learning how to make meaning from print.

Features
