

PC-MACMINI

# VESA Compatible Mac Mini Mount

## For 2014 – Current Mac Minis

### VESA Compatible Mac Mini Mount

CTA Digital's VESA Compatible Mac Mini Mount protects CPUs from dust and drops – all while keeping it neatly tucked away – either underneath a desk or on a wall via convenient pre-drilled screw holes. The mount is designed with 75 x 75 and 100 x 100-mm mounting holes and can be easily attached to the back of a computer monitor. Made from heavy duty steel, this space-saving holder features full access to all ports – and has plenty of air flow space for proper ventilation. It also contains an anti-theft locking slide bar. To secure, slide bar over CPU, then add a padlock to secure (not included). Mac Mini units are held snugly in place with a handy foam pad.

#### Features:

- Heavy-duty metal mount attaches to walls, under desks – or even behind a monitor
- VESA-compatible 75 x 75 and 100 x 100-mm mounting holes
- Anti-theft locking bar secures CPU and allows for the addition of a padlock (not included)
- Mount contains pre-drilled holes for wall or under-desk mounting
- Interior foam padding ensures a snug fit and protects CPUs from scratches
- Easy installation
