

CineTension 3 WraithVeil® Dual

Electric Motorized Front and Rear Projection Screen

Compatible with Ultra, Short and Standard “Long” Throw Projectors

Product Description

The **CineTension 3 WraithVeil® Dual** is a sturdy, well-made electric motorized projector screen that has front and rear-projection capabilities. Its tab-tensioned material provides uniform flatness for exceptional projected image clarity. The WraithVeil® Dual material presents a bright, clear image on both sides when projected upon from either angle. This versatile fabric gives optimal results under controlled room lighting while maintaining excellent performance under mild levels of ambient lighting with a high lumen (output) projector.

Models	Diagonal	Aspect Ratio	View Width	View Height	Material	Gain	Top Black Border
TE110HR3-DUAL	110"	16:9	95.9 in	53.9 in	WraithVeil® Dual	0.8	6 in
