

ADD-MCRFS

Medical Rolling Cart with VESA Articulating Arm, Basket, and Power Strip Holder

Optimize your practice with CTA Digital's sturdy Medical Rolling Cart with Articulating Arm and VESA Plate. This ultra-durable, stand moves on 5 smooth-rolling wheels through hospitals, doctors' offices, classrooms, surgical suites, and more. A telescoping, height-adjusting pole locks in place with an easy foot toggle switch. It features lots of built-in efficiencies. An attachable VESA plate arm clamps around the center pole and holds tablets and enclosures up to 3lbs (not included). Choose a device holder from all of CTA's offerings including PAD-AVESW, ADD-LTP, and more! A folding metal basket strongly grips the central pole and provides a spacious storage area for accessories, paperwork, cables, PPE, and more. A sturdy bracket attaches to the pole to cradle a power strip and keep cords tidy.

Features:

- Height-adjusting, telescoping pole
- Folding metal basket attaches with ring mount and folds for storage
- Circular Pole Clamp attaches to any VESA-ready tablet case or other device up to 3lbs.
- 5 swivel casters
- ADA compliant
