Digital Password Combination Security Desk Mount w/ Printer Shelf Compartment

"For iPad 10th Gen 10.9 inch, iPad 7-9 10.2-inch, iPad Pro 10.5"

Digital Password Combination Security Desk Mount w/ Printer Shelf Compartment

This durable, easy to use desk mount kiosk with digital password combination enclosure – with its locking printer shelf compartment – is ideal for retail point of sale, hospitality desks, service counters, and more. The enclosure features a rechargeable digital lock on the front that provides visual protection in public spaces. Instead of easy-to-misplace keys, this lock opens with a programmable 4-digit code. To charge the lock, connect the included cable and plug directly into the wall. The metal mount has a padded base that protects surfaces. You'll find plenty of space to route cables through the interior, which allows devices to remain charged while in use. A receipt printer fits neatly in the back compartment and can be locked with the included set of keys. Compatible with iPad 10th Gen 10.9", iPad 10.2-inch (7th, 8th, 9th Generation), iPad Pro 10.5, and iPad Air Gen 3 (other 9.7-11" tablets by special order request)

Features:

- Heavy-duty locking enclosure with programmable digital combination lock
- Portrait or landscape mounting
- Heavy duty metal base has pre-drilled holes for permanent mounting
- Padded base protects surfaces
- Interior cable routing
- Fully recharged lock will work for up to 3 months
- Included charging cable for lock is 17.7" (Wall Plug Power Adapter not included)
- Compatible with iPad 10th Gen 10.9", iPad 10.2-inch (7th, 8th, 9th Generation), iPad Pro 10.5, and iPad Air Gen 3 (other 9.7-11" tablets by special order request)
