## Heavy-Duty 17" Gooseneck with Cable Routing & Universal Enclosure

CTA Digital's heavy duty universal locking enclosure desk mount with 17-inch gooseneck is ideal for home, office, presentation use, and more. This rugged steel holder features a 75 x 75 VESA plate and AMPS mount in the rear. It comes attached to a strong gooseneck that can be easily screwed into a tabletop, desk, conference table, or retail counter. Cables can be neatly routed through the back of the holder and center of the gooseneck to keep tablets charged while in use. The bendable gooseneck provides a wide array of positioning options, as well as the ability to view tablets in either portrait or landscape orientation. Adjustable corners on the holder securely cradle tablets and allow access to all ports and buttons. Foam pads and adjustable screws with protective plastic coating ensure a snug hold within this holder. Use the included Allen Key to create the perfect fit. Compatible with iPad 10.2-inch (7th, 8th, 9th Generation), 11-inch iPad Pro (2018/2020), iPad Air (3rd, 4th, 5th Generation), Samsung S8/A8/Active Pro, and most other 9.7-12.9 tablets.

### Features:

- Heavy-duty steel tablet holder
- Corner brackets all full access to buttons and ports
- Interior cable routing system through gooseneck and holder
- Foam inserts and protective screws adjust to ensure a snug fit within the holder
- Sturdy metal gooseneck has dual VESA plates – one attaches to the holder, the other can be screwed into table tops, desks, or other flat surfaces
- Compatible with iPad 10.2-inch (7th, 8th, 9th Generation), 11-inch iPad Pro (2018/2020), iPad Air (3rd, 4th, 5th Generation), Samsung S8/A8/Active Pro, and most other 9.7-12.9 tablets
