

Deluxe Interview Kit #2

MPSK-INT2

New technology always has a heavy impact on education, and podcasting is no different. One of the most interesting and valuable uses of Podcasting in Education is the concept of student-created content or active learning activities. Students getting the chance to create their own podcast for class projects and livestreams from tournaments (sports, esports, etc.) allows them to take control of an aspect of their education and encourages engagement in the material.

This Kit Includes:

(2) XLR Cardioid Mic with Telescopic Desktop Stand and Pop-Guard

This portable XLR multi-functional microphone provides the versatility and flexibility needed to do quality broadcasts, interviews, podcasts, esports streaming and more from nearly any location, with clear, rich sound.

(1) Portable Podcast Mixer Production System

This Portable Podcast Mixer Production System is ideal for interviewing, live streaming, podcasting, recording, chatting, broadcasting, gaming, guitar and is compatible with PC, Mac and smart phones.

The XLR mic easily connects to the mixer for a feature packed system, ideal for almost any user, at any age. Features 7 customizable jingle pads, noise reduction, multi-channel streaming, 6 reverb modes, 4 preloaded audio effects, and more!

(2) Smart-Trek™ Deluxe Headphones

The durable, sleek Smart-Trek™ deluxe headphones are versatile – compatible with a wide variety of technologies. Designed to stand up to any environment, Smart-Trek™ headphones are built to last and are tremendously comfortable with high quality leatherette ear cushions.

Easily adjustable to fit all ages. Easy to clean; provides excellent noise-isolation. And, features the durable, trusted Dura-Cord™.

(1) SuperFlix™ 720p HD Webcam

This easy-to-use webcam features a microphone, non-slip base and a bendable, steel-reinforced gooseneck that allows for positioning in almost any direction and provides excellent voice pick-up and clear recordings. Features 1080x720 resolution, 30 FPS and ¼" HD CMOS imaging sensor. Easy Plug & Play setup – For Mac or PC.

Shipping: 8 lbs., 13" x 11" x 7"
Warranty: 1 Year

Interview Kit #2 – Deluxe

MPSK-INT2

The **Portable Podcast Mixer Production System** greatly simplifies the podcast production process by integrating several digital audio mixing components into one comprehensive solution. It is very easy to set up and use in any room to record or broadcast live. It delivers superb sound quality and offers intuitive and full control that suits the needs of both beginners and seasoned broadcasters.

It offers four channels of audio mixing and easy connections to microphones, smartphones and other sources. It uses advanced engineering that allows the user to control the sound levels and add live vocals and sound effects through a comprehensive set of tools to avoid difficult post-production and editing.
