

SUSTAINABILITY ON

# DELL LATITUDE 3445 CHROMEBOOK

Dell Latitude notebooks and Chromebooks are designed with the environment in mind, using sustainable materials in our products and packaging wherever possible.

## 100%

Ships in our new 100% recycled or renewable packaging that is also 100% recyclable<sup>1</sup>.

The Latitude 3445 Chromebook is also eligible for multipack shipping.

## 43%

The Latitude 3445 Chromebook is designed with 43.3% post-consumer recycled (PCR) plastic<sup>2</sup>, which is used in key chassis components, including:

- LCD bezel
- LCD cover
- Palm rest
- Bottom cover
- Speaker housing

## Ecolabels

Eco-labeling standards drive sustainability further by helping customers understand electronic products and the companies that make them. This product meets the following standards:

1. Packaging is made with up to 91.7% recycled content and 8.3% renewable materials in the form of FSC fibers. Percentages may vary slightly by region. Excludes optional items added to order and included in box. Paper packaging materials can be recycled via municipal recycling, where available. System bag is made from recycled plastic and can be recycled along with other thin plastics. See local recycling guidelines.

2. The percentage is based on the total system plastic weight. Based on internal analysis, May 2023.
