- HDMI eARC. Enjoy the full effect of advanced audio formats
- Spotify Connect. Bluetooth. Apple AirPlay 2. Chromecast

A seamless experience

- Room calibration. Perfect Fidelio sound in any room
- Superb with music
- 4K pass-through. HDR pass-through. HDMI input
- Connects to your favorite voice assistant-enabled devices

PHILIPS

Soundbar 7.1.2 with integrated subwoofer
Dolby Atmos. IMAX Enhanced Philips Wireless Home System, 620 W max. Built-in subwoofer, Easy room calibration

Highlights

Fidelio sound and design

The Fidelio FB1 soundbar with integrated subwoofer fills any room with dramatic effects, rich soundtracks, and crystal-clear dialogue. The soundbar looks beautiful, too—with anthracite Muirhead leather trim offsetting the fine metal mesh on the top and front.

7.1.2 channels. 620 W max

Custom-built Fidelio speakers—including two up-firing speakers—let sound flow above and around you. The built-in subwoofer adds real weight. Front left, front right, and center channels all boast tweeters placed between two midrange woofers for crystal-clear speech, vocals, and surround sound.

Philips Wireless Home System

This Play-Fi-compatible Fidelio FB1 soundbar lets you build your perfect home-theater sound. Connect the soundbar to an external Fidelio FW1 subwoofer in seconds to add even more depth to the sound of movies and music. For extra immersion, add paired FS1 wireless

speakers to create a true surround-sound setup.

Room calibration

No matter what shape or size your room—always get perfect Fidelio sound. Simply connect the included mic, then place the mic where you sit to watch TV. The FB1 soundbar measures how sound travels in the room, intelligently adjusting each channel's output to guarantee sublime surround sound.

IMAX Enhanced certified

Your Fidelio FB1 soundbar is certified IMAX Enhanced, which means it's capable of delivering an audio experience that truly matches IMAX's extraordinary sense of scale. From pulse-quickening explosions to heart-stopping whispers—feel every moment of movies originally made to play in IMAX theaters.

TAFB1/37

Dolby Atmos

You get the full Dolby Atmos experience from the FB1 soundbar's dedicated up-firing speakers. Your favorite movies and shows will sound breathtakingly realistic as sound flows above and around you. When watching non-Atmos content, the soundbar adjusts to give you the richest possible sound.

HDMI eARC

Lose nothing from the mix when you're immersed in the drama. The FB1 soundbar is compatible with HDMI eARC, a high-speed connection that lets you experience the full effect of advanced audio formats like Dolby Atmos and DTS:X.

Superb with music

Let the songs you love come alive, as natural Fidelio sound makes the most of the music you stream. Warm, perfectly timed, with rich bass and lush detail in mids and highs. Whether it's Spotify Connect—or playlists streamed via streaming services like Amazon, Spotify, Deezer, or Tidal.

Connect with voice assistants

Ask Alexa-enabled devices, or any speaker that works with the Google Assistant, to play music through the soundbar. Prefer Siri? This soundbar works with Apple AirPlay 2, so you can ask her too. Turn the music up. Skip tracks. All completely hands-free.

Soundbar 7.1.2 with integrated subwoofer

Dolby Atmos. IMAX Enhanced Philips Wireless Home System, 620 W max. Built-in subwoofer, Easy room calibration

Specifications

TAFB1/37
