

ThinkPad T14s Gen 2 (AMD)

This newly redesigned ThinkPad combines mobility and performance for the ultimate productivity experience in today's hybrid work environment. Powered by the latest AMD Ryzen™ 5000 PRO series processors and up to 32GB LPDDR4x RAM for faster processing, the device can breeze through day-to-day tasks with ease. At 1.28 kg (2.83lbs), it is remarkably lightweight yet offers outstanding durability and a battery that can last up to 14.9 hours.

Built for business with cutting-edge technology

The ultimate productivity notebook, ThinkPad T Series will keep users productive all day with long battery life, docking and enhanced connectivity options, security and manageability features.

Users will appreciate the optional 4K Dolby Vision HDR display offering exceptional contrast and colour depth. Alternatively, the Full HD display with PrivacyGuard digitally prevents shoulder surfers from viewing information on the screen. Onboard Thunderbolt 3 port enables quick transfer of large files.

With Modern Standby, busy professionals can configure the device to receive important updates even with the lid closed, and resume in a second when needed – just like a smartphone. Optional 4G/5G WWAN module enables reliable connectivity when WiFi network is weak or unavailable.

With the latest AMD processors, ultra-fast Gen 4 SSD storage and modern features, this laptop enables mobile users to work with optimal efficiency.
