

Ford Explorer Adaptor Boot For Dome Antennas

SAB-326

PANORAMA  ANTENNAS

SAB-326

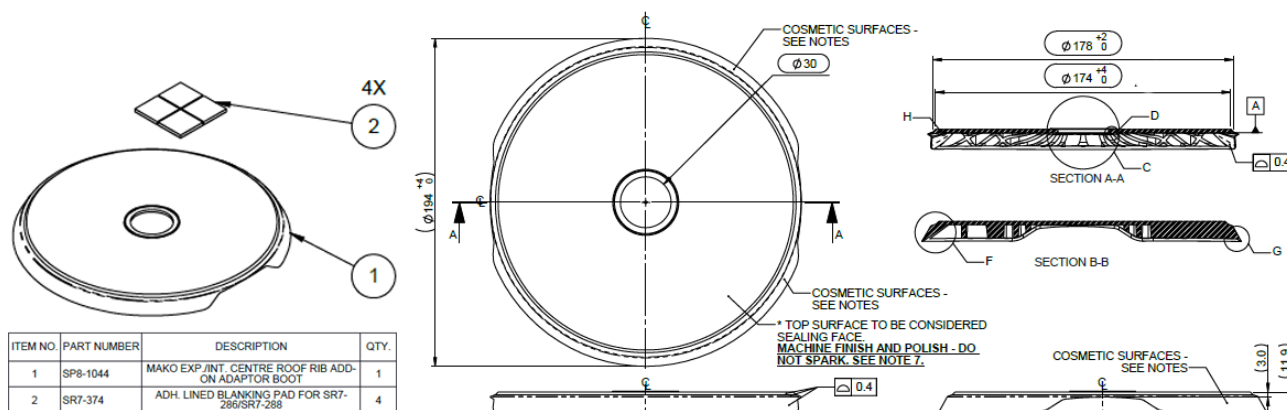

- Dome Antenna mounting adaptor kit for Ford Explorer / Interceptor

For use with the L[X]M[X]M4[X]-6-60 Mako® and L[X]M[X]M[X]-6-60 5G Great White® antenna series, the SAB-326 provides a simple mounting solution for fitting this product line to the peak of the ribs on the roof of a Ford Explorer / Interceptor 2020.

When correctly fitted, the adaptor will seal the mounting hole and conform to the contours of the roof rib presenting a pleasant aesthetic finish.
