UltraSpeed Mini & UltraSpin Mini

Small in size. Big in performance

a brand of
 **FREUDENBERG**

UltraSpeed Mini

Created specifically to fulfil the requirements of all small area cleaning (107-322 sq ft/10-30 m²), UltraSpeed Mini combines the ergonomic, performance and hygiene benefits of the existing UltraSpeed range into a small, compact system.

Twice as fast as traditional wet mopping at

- Cleaning small areas (215 sq ft/20 m²)
- Removing stubborn dirt
- Drying floors

Suitable for more tasks than traditional wet mopping

UltraSpeed Mini allows you to do more than mop including:

- Walls and tile cleaning
- Skirting and staircases

In more locations

The compact 10.5 qu/10L bucket and flat mop makes it ideal for offices, cafes, small retailers, restaurants, reception areas, hotel bedrooms/bathrooms, canteens, kitchens and toilets.

Ideal for glass partitions, stainless steel, mirrors - plus table tops, whiteboards and many other surfaces. With UltraSpeed Mini, you can reach efficiently and simply these cleaning challenges.

UltraSpeed Mini Starter Kit

Small in size. Big on Performance.

UltraSpeed Mini is the latest addition to the hugely successful UltraSpeed family. Created specifically to fulfil the requirements of all small area cleaning (107-322 sq ft/ 10-30 m²), UltraSpeed Mini combines the ergonomic, performance and hygiene benefits of the existing UltraSpeed range into a small, compact system.

Includes bucket, wringer, frame, MicroLite pad, SafeMop pad.

UltraSpeed Mini Frame and Mini handle

Small in size. Big on Performance.

For use with with single mops/Ultraspeed Mini

UltraSpeed Mini MicroLite

- 90% PES microfibre for outstanding cleaning performance
- 10% PA fibre (grey) for stubborn dirt removal
- Cut off RBGY colour coded tags

UltraSpin Mini

Compact small area cleaning

UltraSpin Mini is a simple to use, compact mopping system designed for small areas. It combines a revolutionary spinning press with a mop head made from 100 % microfibre. The results are effective cleaning, in less time, at lower cost and with less strain for the user.

The highly absorbency microfibre mop and effective press make the UltraSpin Mini ideal for fast spill pick up in restaurants or cafés. It's also perfect for quick in between cleaning in shops and supermarkets.

The secret to its speed is its flexible spin wringing process: the user controls how wet the mop head is allowing use in all applications from very dry cleaning of delicate flooring through to very wet for disinfection processes.

Easy and ergonomic

UltraSpin Mini is very easy to use. Simply place the mop in the cleaning solution, insert into the wringer, press the foot pedal to start the spinning motion, then remove and start cleaning.

As the spin wringer is operated by a foot pedal and not by a lever it is easy on user's backs and wrists as they do not need to bend to operate the press.

UltraSpin Mini

UltraSpin Mini is very easy to use. Simply place the mop in the cleaning solution, insert into the wringer, press the foot pedal to start the spinning motion then remove and start cleaning. Plus as the spin wringer is operated by a foot pedal it is very ergonomic for users backs and wrists and they do not need to bend or push a lever to operate the press.

SuperMop bucket

- Buckets are stackable for easy storage.
- This bucket features a snap-on cone wringer that is ideal for yacht mops and other small mops.
