ENSURING SAFETY BY PROPER INFORMATION DISPLAY

Safety is a result of Competence, use of Protective Equipment & Materials and having relevant Visual Aids & Information. In the case of the Visual Aids & Information, these must be displayed in the appropriate locations and with the most suitable products, so that they can be effective.

In this brochure, we have put together a selection of the products that are most suitable for these Visual Aids & Information related to the prevention of the COVID-19 infection.

72" x 48"	BMA2707226

WHY WE USE IT?

BioCote Technology additive actively cleans all surfaces, as whiteboards and cork boards, inhibiting the bacteria to reproduce. We implemented a performance test to prove the hygiene benefits of our products in a real life situation, using BioCote Technology. Data collected showed that all products had a significant bacteria reduction of 99%.

BACTERIA REDUCTION

99%

- 1 Doesn't wear off or wash away
- 2 Achieves a reduction in surface microbes levels
- 3 Provides an important second layer of defence
- 4 Reduces the risk of spreading harmful micro-organisms
- 5 Helps health procedures against infectious agents

Eye-Catching and Easy to Use Signs

Keep Warnings & Instructions visible where needed

BLACK WET ERASE POSTER FRAME

Stand or wall mount frame for any situation

- Floor stand is double sided and double duty with both a wet erase surface and a protected poster/sign holder
