

HP Slimline Desktop - 270-p026 (Z5L82AAR)

Overview

Slim on size. Big on reliability

Conquer your day with the expanded storage, powerful processor, tested reliability and space saving design of this slimmer HP tower. Finding an affordable tower with the full performance you need and the name you trust just got easier.[1]

Built to last

When you're looking for a desktop that just doesn't quit, HP has you covered. We put every tower through over 100 tests, ensuring its trusted reliability.

See more. Store more.

With up to 2TB of HDD storage this tower gives you plenty of space to store your photos, videos, and files. Multiscreen HDMI support also offers an enhanced experience for productivity and every day entertainment.[2]

Names you know. Performance you can trust.

With the powerful processors and the advanced graphics, these HP Towers are packed with reliable and proven technology from trusted brands.[1]

Features

USB 2.0 connector

With the world's most popular USB connection, you can easily connect any of your existing USB devices without worrying about compatibility.

USB 3.0 connector

With the world's most popular USB connection, you can easily connect any of your existing USB devices and experience data transfer speeds ten times faster than USB 2.0.

[1] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations.

[2] For hard drives, TB = 1 trillion bytes. Actual formatted capacity is less. Up to 35GB of system disk is reserved for system recovery software.

Specifications
