

Orbit T100

4 Channel 1080P Dash Cam For Trucks With a 10.1" IPS Screen

Front Camera

Left Camera

Right Camera

Rear Camera

The MyGekoGear Dashcam is a high-quality camera for big rigs that records footage in 1080P HD resolution across 4 cameras, ensuring crisp and clear images across 4 angles. The device is equipped with a 10.1 inch display for easy monitoring and playback of recorded footage. It utilizes the video compression format TS and video coding format H.264 to ensure that the video files are small and easily transferable without sacrificing image quality. The device is powered by hardwiring to your truck, providing ample power for extended recording sessions. Additionally, the MyGekoGear Dashcam supports up to 256GB of SD storage, allowing users to store large amounts of footage without the need to frequently transfer files. With its high-quality recording capabilities, intuitive display, and robust storage options, the MyGekoGear Dashcam is a reliable and effective solution for recording and monitoring truck activity.

Full HD 1080P with a F1.6 Lens

Records in 1080P resolution. This will smoothly capture clear video in fast moving scenes. The F1.6 lens allows more light in which makes it great for low light conditions

G-Sensor for Emergency File Saving

The G-sensor is a gravity sensor that will sense any collision, swerve, or hard braking, and automatically lock the current video so it cannot be loop recorded over.

139° Viewing Angle

With a wider field of vision, you'll be able to capture more lanes of the road. You won't need to worry about missing those small details on the road such as license plates.

Supports 256Gb, 128GB MicroSD Card

a 128GB microSD card is included in the package, so you'll be set to install in your car and start recording. This device supports up to 256GB of external storage, around 10 1/2 hours of recording at 1080P.

Blind Spot Detection

Equipped with blind spot detection, a cutting-edge technology that goes beyond traditional dash cams to enhance your safety on the road using advanced technology to detect and alert potential blind spot hazards.

IP67 Rating

This dash cam is a reliable and rugged device designed to withstand various weather conditions and challenging environments. With its IP67 rating, this dash cam is dustproof and highly resistant to water immersion.

Specifications:

- Resolution: 1080P @25fps
- Display: 10.1" IPS
- Video Compression: TS
- Video Coding: H.265
- G-Sensor: Supported
- Storage Memory: 128GB included (supports up to 256GB)
- Display Dimensions: 10.1 x 0.5 x 6.5"
- Display Weight: 1.56lbs
- Camera Dimension: 2.1 x 1.8 x 1.9"
- Camera Weight: 0.53lbs
- Display Mount: Adhesive Mount
- Power Supply: Hardwire Kit 12-36V
- Operating Temperature: -20 - 70°C

Included in the box:

- x1 Display
- x4 Cameras
- x1 Power cord
- x3 5m cable
- x2 15m cable
