Kensington®

Nano Security Slot Adapter Kit

Part Number: K65029WW | UPC Code: 0 85896 65029 4

Trusted protection for devices without built-in lock slots.

Designed for
Microsoft
Surface

If you need to secure high-value devices that do not have built-in lock slots, the Nano Security Slot Adapter Kit is an ideal solution. Providing robust and reliable protection that meets Kensington's high standards for device security, the Nano Security Slot Adapter Kit is simple to install, easy to use, and has been tested for industry-leading locking standards.

It proudly meets Microsoft's rigorous standards for carrying the Designed for Surface (DfS) badge and accommodates unhindered use of any device, and can be used with any Kensington® NanoSaver® Lock to provide anchor options to desks, tables, and other attachment points.

Offering protection without limitations, the Nano Security Slot Adapter Kit is an innovative solution that overcomes the security challenges of devices that do not have built-in lock slots.

Features include:

- Trusted protection for devices without built-in lock slots
- Meets Microsoft Surface standards for quality, form, fit, and function
- Allows users to secure devices that do not have built-in security slots
- A convenient theft deterrent
- Provides dependable adhesion
- Complements the aesthetics of most devices
- 5-year limited warranty

Kensington®

Nano Security Slot Adapter Kit

Part Number: K65029WW | UPC Code: 0 85896 65029 4

Designed for **Microsoft Surface**

Designed for Surface

Designed in collaboration with Microsoft for the highest quality, form, fit, and function. Provides Surface devices with a reliable lock slot that looks as good as it functions.

Adds a Reliable Lock Slot to Any Device

Ideal for devices that do not offer built-in lock slots, this kit allows any device to be secured by a Kensington cable lock. Created, tested, and backed by Kensington—the inventor of the laptop lock.

Kensington® NanoSaver® Lock Compatible

Pairs with any NanoSaver® lock, such as the Slim NanoSaver® 2.0 Keyed Laptop Lock (K65021WW) to provide robust and reliable physical device protection.

Industrial Strength Permanent Adhesive

Utilizes trusted 3M double-sided adhesive tape to adhere the adapter to the device—providing a dependable connection that has been tested for its ability to stay attached. Includes an alcohol cleaning pad for installation prep and steps for removal with minimal residue.

Anodized Aluminum Design

The anodized aluminum design complements the aesthetics of most devices and is a perfect match to black Microsoft Surface devices.
