Contrast excellence

Witness exceptional clarity with a contrast ratio of $\geq 3000:1$.

Lower power consumption

Developing technology for your sustainable business future through built-in power saving features.

Lightweight wall-mountable or hoisted installation

As well as an optional range of connections and brackets for wall mounting, the Philips Public LED 5000 Series also supports fixed hoisting installations.

Front-access maintenance

Internal electronics are easy to access and replace for service and maintenance. The modules in the cabinet can be easily and safely removed with the dedicated removal tool.

Bezel-free

Simply connect multiple LED display cabinets to create the resolution that you want — whether its 4K, 8K or even higher. Compared to LCD screens, LED displays boast higher refresh rates that enable smoother images. Whatever the application, you'll thrill your audience with crystal-clear picture quality.

Built-in cable management

Philips Public LED 5000 Series displays come with built-in cable management, keeping power and data cables tidy. Meanwhile, cabinets are daisy chained for both power and data, using PPDS' unique board-to-board module and cabinet connection design, minimising clutter and speeding up installations.
