

# Compact. Convertible. Powerful.

A high-quality product photograph of the VIVE XR Elite headset and two wireless controllers. The headset is the central focus, shown from a front-facing perspective. It has a sleek, black design with large, clear lenses and a central camera lens. The controllers are positioned in the foreground, one on each side, showing their ergonomic design and various buttons. The background is a dark, gradient grey, which makes the black headset and controllers stand out.

The versatile VIVE XR Elite Business Edition delivers fully immersive virtual and mixed reality in a powerful, compact, all-in-one package.

## Vibrant, precise XR

VIVE XR Elite features a brilliant, full-color passthrough camera and depth sensor that enable you to interact with virtual objects in your real-world space. Open up new possibilities in mixed reality for productivity, training, and collaboration.<sup>1</sup>

# Get more done with VIVE XR Elite

## Training and Simulation

Enable your employees to understand complex information quickly. Reduce costs, minimize travel, and improve the safety of your training program.

## Design Visualization

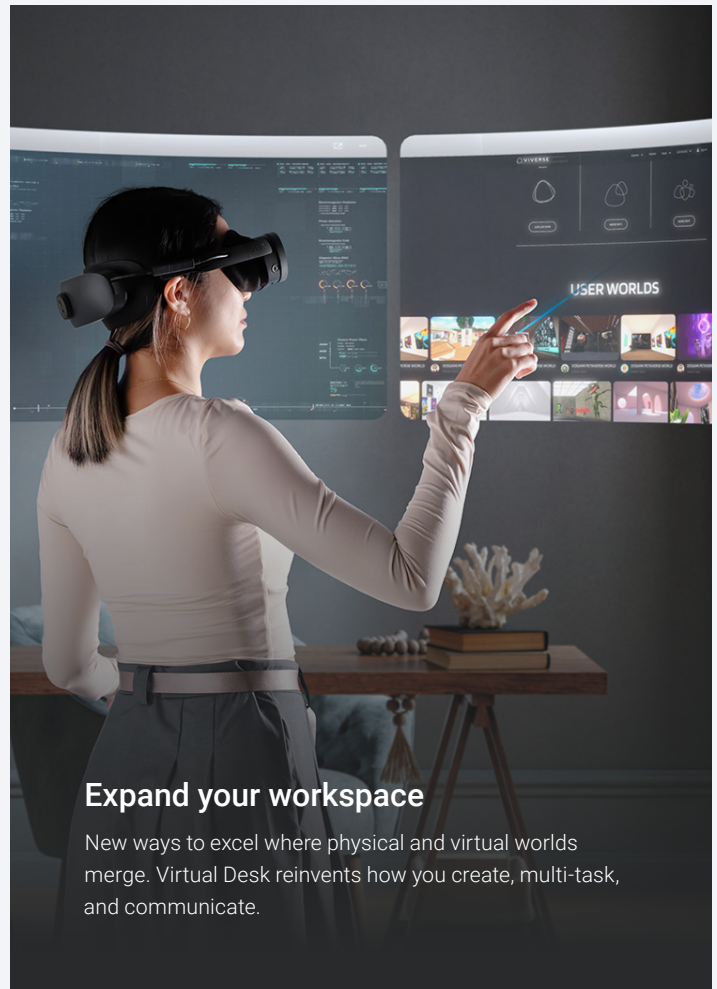

Through XR, designers can iterate in real-time on human-centric ideas, eliminating the constraints of costly physical fabrication and mockups.

## Skills-Based Training

Reduce employee training time and ensure delivery of high-quality parts by transforming expert knowledge into mixed reality work instruction on real equipment.

## Collaboration

Immerse yourself in virtual meetings with personalized full-body avatars, or use full-color passthrough mixed reality to co-create and review projects in person to streamline your existing workflow.

### Expand your workspace

New ways to excel where physical and virtual worlds merge. Virtual Desk reinvents how you create, multi-task, and communicate.

# Discover category-leading XR

## Private and Secure

HTC VIVE safeguards the privacy and security of its customers and partners worldwide through certification in the ISO27001 and ISO27701 global standards. All VIVE headsets are 889 compliant and manufactured in TAA-designated countries.

## Deployment at Scale

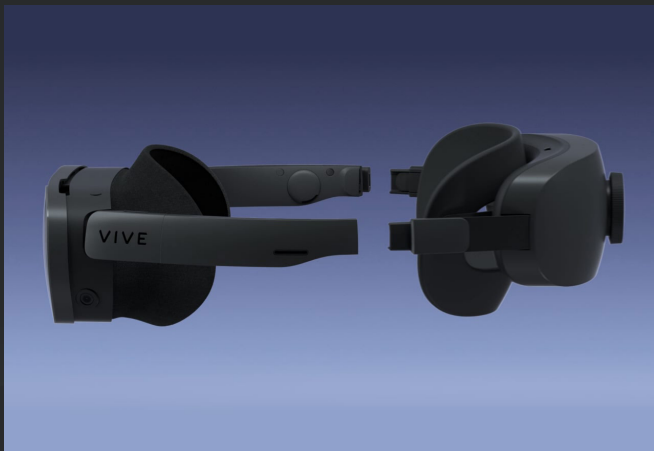

Quickly enroll your headsets, manage hardware settings/configurations, and monitor your devices remotely with VIVE Business+. Custom 5G availability ensures secure, guaranteed bandwidth at near-zero latency for rapid headset updates and free roaming from anywhere.

## Designed for Extended Use

This headset features flexible power options that include the hot-swappable Battery Cradle for VIVE XR Elite, and any USB-C power source of at least 30W.<sup>2</sup> An active cooling system vents heat out of the lens area for improved comfort and optimal performance.

## Modular and Versatile

VIVE eye/face<sup>3</sup> and Wrist Trackers enable highly-immersive training scenarios, providing realistic engagement with accurate object interaction and unique performance insights.

## Comfortable and convertible

Get up to 2 hours<sup>7</sup> of continuous power with the VIVE XR Elite Battery Cradle. Hot-swappable and replaceable for all-day power. Exact fit with adjustable straps.

Detachable for enhanced portability. Glasses require an alternate power source for extended use.<sup>2</sup>

## Made for heavy-duty graphics

Boasts a combined resolution of 3840 x 1920 pixels. Up to 110° field of view and a 90Hz refresh rate in a remarkably compact form factor.

## Stay focused

Adjust the diopters on each lens to optimize focus for each eye. Also beneficial for nearsighted individuals.

## Find your comfort zone

Our stepless IPD (inter-pupillary distance) sliding adjuster lets you fine tune your viewing experience for better comfort and visuals.

## Brilliant, full-color passthrough

Blend physical and virtual worlds in mixed reality with the high-resolution RGB color camera and depth sensor.

## Depth-sensing precision

Accurate tracking and spatial awareness in varied light conditions.<sup>4</sup>

## Stay cool

An active cooling system makes for long-lasting comfort. Thermal optimization keeps the temperature at ideal levels for enhanced performance and longer immersive sessions.

## Go hands on

Skeletal-level hand tracking enables intuitive interactions.<sup>5</sup> Navigate, click, drag, scroll, and type with natural hand and finger movements.

# A perfect fit for business

## VIVE Business+

Enterprise-level, web-based application to manage your VIVE XR Elite fleet. Optimize and scale up your operation with remote monitoring and setting updates.

## 3rd-party support

VIVE XR Elite also supports 3rd-party MDM enrollment and functionality for Microsoft Intune, VMware, ArborXR, and more.

## Partner Program

From bespoke programs created by our trusted Independent Software Vendors and enterprise developers to off-the-shelf packages that will immediately transform the way you work.

## Unlock the power of PC VR

Render more complex scenes and graphic-intense applications with VIVE Business Streaming software. Stream VIVEPORT and SteamVR™ PC-VR compatible content from your computer to your headset by cable or Wi-Fi 6E.<sup>6</sup>

## OpenXR

HTC VIVE is committed to OpenXR, the royalty-free, open standard that allows developers to easily build multi-platform VR and MR applications. With OpenXR, developers can bring their content to different XR devices and expand their audience.

# VR Soft Skills Training Results

**4x**

faster to train than in the classroom.

**275%**

more confident to apply skills learned after training.

**3.75x**

more emotionally connected to content than classroom learners.

**4x**

more focused than their e-learning peers.

# VIVE Deluxe Pack for XR Series

## Now included with VIVE XR Elite Business Edition<sup>†</sup>

The new top strap, face gasket, and temple clips provide additional support and comfort for your extended VR experiences. We're also including the mixed reality gasket to deliver spatial awareness when you need it.

- VIVE Face Gasket 2.0 for XR Series
- VIVE Deluxe Strap for XR Series
- VIVE Temple Clips for XR Series
- VIVE MR Gasket for XR Series

### VIVE Face Gasket 2.0

Ensures minimal light leakage and even pressure distribution for a more pleasant, natural fit.

### VIVE Deluxe Strap

Expertly distributes weight between the front and back of the headset. Adjust to your preferred fit for more comfortable and fluid movement while immersed.

### VIVE Temple Clips

Secures the glasses-battery cradle connection for better peace of mind and stability.

### VIVE MR Gasket

Stay connected with your real-world surroundings. Offers enhanced peripheral vision and ventilation with a soft, cleanable forehead rest.

<sup>†</sup>Existing VIVE XR Elite owners can redeem their accessory pack at <https://business.vive.com/redeem-deluxe-pack-accessories/>

[business.vive.com/enterprise\\_inquiry](https://business.vive.com/enterprise_inquiry)

\*Within ninety (90) days of your purchase of a non-Commercial Edition of the VIVE XR Elite, you may upgrade to a commercial use license and warranty by activating a VIVE Business Warranty & Services ("BWS") agreement. BWS is available to, and required of, only VIVE XR Elite customers who use VIVE XR Elite for commercial purposes. If you are a commercial-purpose customer of VIVE XR Elite, you must elect to activate either a two (2) year, or three (3) year BWS subscription by creating a VIVE Business account, acknowledging the [Terms and Conditions](#), and paying the applicable commercial-use fee. Support services are not available until you register and activate your business account. VIVE XR Elite-Business Edition includes a pre-registered BWS account.

1. Content compatibility required.
2. VIVE XR glasses form factor requires an alternate power source with 30W power delivery or above or the VIVE Elite Battery Cradle—sold separately. Compatible controllers sold separately. Compatible content required for hand tracking.
3. Eye/face tracking is available with the VIVE Full Face Tracker. Sold separately.
4. Depth-sensing-enabled features are limited to indoor environments and only available on the VIVE XR Elite devices that have joined the [beta program](#).
5. Hand-tracking features are VR content dependent.
6. Wi-Fi 6E support is country dependent. For more details please refer to [vive.com/us/support/focus3/category\\_howto/in-what-regions-can-wifi-6e-be-used.html](https://vive.com/us/support/focus3/category_howto/in-what-regions-can-wifi-6e-be-used.html).
7. All battery claim results will vary. Battery life and charge cycles vary by use.
8. The VIVE Case for XR Series requires the battery cradle to be detached from the VIVE XR Elite and stored separately.
