Industry-leading 15000 hours lamp lifespan	Bright, Vivid Images On Any Surface with 4000 lumens	Low Latency Gaming Mode for Seamless Gameplay	Eco-Friendly with Minimal Maintenance
Our lamps are designed to last longer, ensuring extended durability and long-term performance. This exceptional longevity reduces the need for replacements, offering unparalleled reliability and cost savings over time.	Transform any room into a dynamic presentation space or vibrant cinema even in ambient environment. With 4000 lumens, image colours and details are crisp and clear. Presentations look more professional, and even simple video clips become more engaging.	Enhance your gaming experience with low-latency for smoother and more responsive gameplay. The Game Mode minimizes lag to ensure real-time game delivery, making your gameplay more immersive and exhilarating so you can enjoy the game to the fullest.	With minimal maintenance and no filter to replace, this means less waste and reduced environmental impact contributing to sustainability and supports a greener future while providing reliable and consistent performance.

WHY CHOOSE GENESIS III SERIES

Advanced Digital Image Correction

With the new digital edge masking and image shift features – we make getting those final image adjustments perfect easy.

24/7 Operation

The Genesis III Series is designed for 24/7 operations in standard orientation and is ideal for applications requiring extended projection periods.

Direct Power On/ Direct Power off

No more waiting. The projector instantly powers up when it receives an electric current. When you are finished, simply switch off the power, no need for lengthy cooling period to shut it down.

USB-A Power for Devices

The integrated USB-A power source conveniently powers HDMI devices like Google Chromecast or a wireless dongle to enhance presentation performance.

Low Total Cost of Ownership

Industry-leading 15000 hours of lamp life and filter-free design saves you time and money.

Lightweight and Portable

Its compact and light form makes it portable giving you flexibility for different uses.

Outstanding 30000 : 1 Contrast Ratio

Indulge in a vivid, clear visual feast with enhanced image clarity and better details with deeper blacks and brighter whites.

Full 3D Capability

The InFocus Genesis III Series is designed to display 3D content from almost any 3D source, including 3D Blu-ray players and the latest game consoles. Picture watching a movie at home or visualizing product concepts at the office - characters and products pop out and deliver a mesmerizing visual experience.
