

**Hospital TV** LN572M (NA)

\* All images in this datasheet are for illustrative purposes only.

## UL-Listed Hospital TV

### LN572M (NA)

Screen Size	32" / 27" / 24"
Resolution	27" : 1,920 × 1,080 (FHD) 32" / 24" : 1,366 × 768 (HD)
Front Color	Ceramic Black
Digital	ATSC / Clear QAM
Analog	NTSC
Key Feature	Pillow Speaker & Nurse Call Ready, Multi IR

## Pillow Speaker Ready

The hospital TV is equipped with the interface compatible with a pillow speaker\* which controls sound and videos on TV directly from a patient's bedside.

\* Pillow speaker is not provided by LG. (sold separately)

## Nurse Call System Ready

Through nurse call system provided by a pillow speaker\* connected to LG hospital TV, staff can be called immediately for emergency.

## USB Cloning

USB data cloning makes managing multiple displays more efficient. Instead of setting up each display one by one, data can be copied to a USB\* for one display, and be sent to the other displays through a USB plug-in.

\* USB is not provided by LG. (sold separately)

## Multi IR

Multi IR\* function eliminates the signal interference of remote controls that occurs between multiple TVs in one place. LG hospital TV supports this, so users can freely control their own TVs without disturbing the others.

\* Multi-IR remote controller is not provided by LG. (sold separately)

## IR Out

When using the compatible set-top box\*, the LN572M series can be controlled with a single remote control.

\* Set-top box is not provided by LG. (sold separately)

## Welcome Screen

Display a warm greeting message with your hospital name and logo on the TV when it is turned on. The welcome screen provides an inviting, personalized experience for your patients.

## Pro:Centric V, Simple and Effective Management Tool

Supported by its own server and application, Pro:Centric V provides comprehensive solutions especially for RF infrastructure, letting the hospital staff deliver information effectively. With easy-to-use and customizable templates, they are able to tailor the look and feel of their content and communications, making patients and visitors feel well taken care of.
