85" A68N

A68N Series 4K UHD Smart Google TV
Model-85A68N

Looking for the perfect cost-efficient yet powerful 4K TV? Look no further than the A68N from Hisense. With its smart OS, native 4K resolution, and 4K AI Upscaler, this TV offers a great viewing experience. It also boasts features such as Dolby Vision, Game Mode PLUS with 60Hz VRR ALLM, AI Sports Mode, Voice Control, all of which elevates your daily entertainment.

4K AI Upscaler

Experience unparalleled 4K quality with Hisense's innovative 4K AI Upscaler. Unlike traditional upscaling, it computes neighbouring pixel colours, restoring lost details and reducing image noise. Elevate your viewing with refined picture quality for all your favourite contents.

Dolby Vision

Innovative visual technology, Dolby Vision, brings the characters to life with darker darks, brighter brights, and a remarkable colour range you can't get anywhere else.

Game Mode Plus

Serious gamers wanted! With a powerful blend of 60Hz variable refresh rate and Auto Low Latency mode, conquer any opponent with seamless gameplay, free from screen tearing. Level up and dominate the game!

AI Sports Mode

AI Sports Mode optimizes sports content, ensuring smooth motion and vibrant colours for an immersive viewing experience. Enhanced surround sound and commentator audio further elevate the enjoyment of sports programming.

Built-in Bluetooth

Enjoy your content at full volume without disturbing others in the room by wirelessly connecting your headphones to the TV. Moreover, you can wirelessly connect other Bluetooth-enabled devices such as soundbars, speakers, and keyboards.

Precision Colour

Let colours return to natural states. Experience true-to-life colours, enhancing natural scenery and maintaining lifelike human faces with precise algorithmic analysis.

Google TV

No more jumping from app to app. Google TV brings together movies, shows, and more from all the subscriptions and organizes them just for you. Need inspiration? Get curated recommendations, use Google's powerful search to find shows across 10,000+ apps, or browse hundreds of free channels.

DTS® Virtual: X™

This scalable and versatile advanced post-processing package creates immersive audio by virtualizing height content over traditional stereos.

Voice Control

Use your remote's Google Assistant button for TV voice commands. Search for movies, stream shows, dim lights with smart home integration, manage tasks, check your calendar, and get answers on-screen.
