4XEM USB-C to VGA Adapter – TAA

4XEM Part- 4XUSBCVGATAA

The 4XEM USB-C to VGA Adapter is the perfect solution for seamlessly connecting your USB-C devices to VGA displays, making it ideal for professional presentations, classrooms, or general-purpose AV setups. Supporting a maximum resolution of 1080p HD at 60Hz, this adapter delivers sharp and clear visuals, ensuring high-quality output every time. Its lightweight, compact design makes it easy to carry, while the 5.9-inch cable length offers flexibility for various setups.

This TAA-compliant adapter is compatible with both Windows and Mac operating systems, making it versatile across platforms. Equipped with a USB 3.2 Type-C male input and a VGA female output, it provides effortless connectivity without the need for external power, drawing energy directly from the host device. Built with high-quality components like the, it ensures stable and reliable performance.

Certified TAA compliant

Features:

- Supports 1080p HD resolution at 60Hz
- 4.95 Gbps bandwidth
- USB 3.2 Type-C to VGA connection
- Compatible with Windows and Mac
- TAA Compliant
- Bus powered; no external power needed
- Lightweight and compact design
- 5.9-inch cable
- 1-year warranty

Applications:

- **Office Presentations:** Easily connect your USB-C laptop to older VGA projectors or monitors for smooth, high-quality presentations in conference rooms and meetings.
- **Education:** Ideal for classrooms, the adapter allows teachers and students to display content on legacy VGA projectors or screens without upgrading to new equipment, supporting both Mac and Windows devices.
- **Home Use:** Stream your favorite shows or share family photos by connecting your USB-C device to a VGA-enabled TV or monitor, providing versatile entertainment options at home.
- **TAA Compliance:** Suitable for government and enterprise environments that require TAA-compliant products, ensuring compliance with federal purchasing guidelines.
- **Plug-and-Play Convenience:** No need for additional drivers or software—just plug the adapter into your device, and you're ready to go with minimal setup required.
