

**Part#** TGMHORRTU5207BX      **UPC** 843151144670

**Product Title:**

CLX Horus Gaming Desktop - Liquid Cooled Intel Core Ultra 9 285K 3.7GHz 24-Core Processor, 64GB DDR5 Memory, GeForce RTX 5070 Ti 16GB GDDR7 Graphics, 2TB NVMe M.2 SSD, 6TB HDD, WiFi, Techsnow HD Print Black mid-tower, Windows 11 Home 64-bit

**Product Description:**

An ultimate performance Gaming Desktop PC that stands out from the rest. Hand-crafted in the USA, this CLX Horus has been engineered with an Intel Core Ultra 9 285K processor with 24-cores that's capable of a Max Turbo speed of 5.7GHz. It comes with a CLX Quench 360mm liquid cooling system to ensure optimal performance and temperature management even when running at max performance during extended gaming sessions. The visual prowess of this rig comes in two forms, the first being the elevated high-performance visual output by the inclusion of the powerful GeForce RTX 5070 Ti graphics card featuring 16GB of ultra-fast GDDR7 memory. The immersive visual experience produced by the GeForce RTX 5070 Ti is due to the frame multiplying AI technology from DLSS 4 and super-fast ray tracing from the NVIDIA Blackwell architecture. And this rig is gorgeous...the CLX Horus special edition comes in a Mid-Tower Black chassis that has a special edition Techsnow HD Print that is sure to impress, while still showing off the beastly equipment inside. For seamless multitasking, 64GB of lightning-fast DDR5 RGB memory (5600MHz) and a spacious 2TB NVMe M.2 SSD provide quick access to data, while the 6TB Hard Drive delivers an abundant amount of storage. Seamlessly connect to wired and WiFi networks for uninterrupted online use, complemented by the latest features and security enhancements of preinstalled Windows 11 Home. Built with meticulous attention to detail and precision, this CLX desktop exemplifies quality workmanship, ensuring durability and longevity. Elevate your gaming to 4K, even 8K, or step up your design or editing skills to the forefront of excellence. Get a high-performing CLX Horus today!

**Product Features:**

- Hyper-charged Performance: Dive into gaming nirvana with the hyper-charged capabilities of the Liquid-cooled Intel Core Ultra 9 285K processor, designed to crush through any game and multitasking scenario with ease.
- Delve into Visual Opulence: Immerse yourself in the opulent visuals produced by the GeForce RTX 5070 Ti GPU, delivering unmatched realism and breathtaking graphics for an unparalleled gaming experience.
- Turbocharge Your Storage and Memory: Get ready for unparalleled gaming performance with the CLX Horus Gaming PC's 2TB NVMe M.2 SSD and 6TB HDD, and 64GB DDR5 Memory, transforming your storage and memory capabilities.
- Connectivity, Simplified: Simplify your gaming setup with this CLX Horus PC's integrated WiFi and wired network connectivity, ensuring smooth gaming sessions without interruption.
- Precision Engineering: With extreme attention to detail, the CLX Horus Gaming PC is expertly crafted to deliver unrivaled reliability and performance, supported by industry-leading assistance for peace of mind.
