USB, Wired, 18 Full-Size Keys, Black

Part No.: [179911](#)

EAN-13: 0766623179911 | UPC: 766623179911

Numeric Wired Keypad - fast, accurate numeric data entry and a convenient, mobile design

The Manhattan Numeric Wired Keypad makes any notebook computing experience better, especially when you're inputting important numeric data. The full-size 18-key layout and membrane-style key switch technology reduces typing noise, improves response and provides low-profile keystrokes for fast and accurate data entry. A handy backspace key lets you make swift corrections. The asynchronous number-lock function makes it easy to simultaneously input letters from the computer's keyboard and numbers from the keypad. Its USB connection, plug-and-play installation and ultra-slim, lightweight construction make it easy to pack and travel.

Features:

- Total of 18 full-size keys, including backspace key
- Asynchronous number-lock function that operates independently of computer keypad for faster numeric-data entry
- Membrane key switches to reduce typing noise, improve response and provide low-profile keystrokes
- Ultra-slim and lightweight; ideal for notebook computer users
