Product Description:

Does your system need to perform double duty...gaming and content creation? Then an impressive and high-performing CLX Set Gaming PC is what you need to consider. This CLX desktop computer, TGMSETRTU5505BM, has the power you need to conquer both of those challenges. Utilizing the Newest 50-Series GeForce RTX 5060 Ti graphics card with 16GB of unbelievably fast, all new GDDR7 memory dedicated to graphics, that is now powered by NVIDIA Blackwell with a massive level of AI horsepower, will produce the spectacular visuals and gameplay you desire from its Fifth-Gen Tensor Cores, Fourth-Gen Ray Tracing Cores, and latest cutting-edge NVIDIA DLSS 4 with Multi Frame Generation. And to ensure superior system performance, at this rig's core is the mighty Intel Core i9 14900KF processor, boasting an impressive 24 cores and speeds of up to 6.0GHz with turbo boost technology! Also included is 32GB of DDR5 5600MHz RGB memory and a lightning-fast 2TB NVMe M.2 solid-state drive, so your gaming and designing will be smooth and seamless experiences. But that's just the performance piece. Amazing tech like that deserves a special chassis to encase it all, and this CLX SET ultra-class PC comes with the modern style of the CLX Obelisk Mid-Tower black chassis, showcasing full-size, tempered-glass panels and numerous vibrant RGB fans customizable to suit your gaming or creative mood. A good chassis design allows for ample airflow to keep everything cool and operating efficiently during the most intense gaming sessions, and this CLX SET has 360mm AIO CLX Quench liquid-cooling for the CPU along with plenty of RGB fans keeping the internal components cool, ensuring optimal thermal performance at all times. With WiFi technology included along with a 2.5 Gigabit LAN, you'll enjoy fast connection speeds, keeping you ahead of the competition. Crafted and supported by CLX in the USA, this gaming powerhouse offers unmatched performance and style, making it a spectacular choice for true gamers or designers!
