

**Part#** TGMSETRTA5502BM      **UPC** 843151144786

**Product Title:**

CLX SET Gaming Desktop - AMD Ryzen 5 8400F 4.2GHz 6-Core Processor, 32GB DDR5 Memory, GeForce RTX 5060 Ti 8GB GDDR7 Graphics, 2TB NVMe M.2 SSD, WiFi, Windows 11 Home 64-bit

**Product Description:**

Time for a system upgrade, but on a tight budget? Look no further...this CLX Set Gaming PC, TGMSETRTA5502BM, provides a great performance value. Hand-built in the USA with precision and reliability, this CLX gaming rig will outperform. It features an NVIDIA 50-Series GeForce RTX 5060 Ti graphics card that's equipped with 8GB of GDDR7 ultra-fast memory dedicated for graphics. Plus, the 4th Gen Ray Tracing Cores, and 5th Gen Tensor Cores with AI technology will produce lightning-fast performance and spectacular visuals at high frame rates. The system power though comes from the high performing 8000-series AMD Ryzen 5 8400F processor, that's capable of a Max Boost clock speed of 4.7GHz so you'll be able to handle any PC game available, or even design projects you may be tasked with! It's a powerful rig that should fit nicely anywhere since it's been designed in the smaller CLX Spear mini-tower chassis. Good looks with quiet RGB fans that you can set your gaming mood with...that will also keep the air flowing and the system running smoothly. A 2TB NVMe M.2 Solid-State Drive provides lightning-fast load times and ample storage space. The 32GB of high-speed DDR5 RGB Memory enhances the rig aesthetics and boosts performance to keep you leading the competition or on top of all your tasks. To top it all off, CLX gaming PCs are backed by industry-leading support to guarantee a smooth gaming or computing journey. So, up your game...get a CLX Set today!

**Product Features:**

- High-Performance Processor: Powered by an 8000-Series AMD Ryzen 5 8400F processor with 6 Cores/12 Threads for seamless gaming and computing experiences.
- Cutting-Edge Graphics: Immerse yourself in visual excellence and high frame-rate gameplay with the GeForce RTX 5060 Ti graphics card, delivering AI-Enhanced graphics and performance for the most realistic graphics and immersive experience.
- Lightning-Fast Memory & Storage: Loaded with 32GB of DDR5 memory for seamless multitasking and fast response times. Store your games and files effortlessly with a 2TB NVMe M.2 SSD, ensuring ample storage space for all your needs.
- Enhanced Connectivity & Preinstalled Windows 11 Home: Enjoy seamless connectivity with both wired and WiFi network capabilities. Windows 11 Home comes preinstalled, providing you with the latest features and security enhancements for an optimized experience.
- Superior Craftsmanship & Industry-Leading Support: Built with quality workmanship and attention to detail, ensuring durability and reliability for long-lasting gaming sessions. Backed by industry-leading support, you can game with confidence knowing that assistance is just a call away.

**--- SPECIFICATIONS ---**

|                          |                                                |
