

Charging Cradles

for Samsung Galaxy XCover7 Pro

Effortless Charging for Your Galaxy XCover7 Pro

KOAMTAC Charging Cradles for Samsung Galaxy XCover7 Pro provide a reliable and convenient way to keep your device(s) powered at all times. The modular design allows you to customize the cradle setup to fit your charging needs, whether you are powering extra XCover batteries, multiple devices, or both. This flexible system also helps future-proof your investment by supporting easy updates for later device releases.

Charging Cradles

for Samsung Galaxy XCover7 Pro

Well-Equipped

KOAMTAC Charging Cradles for the Samsung Galaxy XCover7 Pro feature 15W fast charging and LED indicators for clear, at-a-glance power status. Built-in safety measures include temperature detection to prevent overheating and waterspout protection against water damage. Adaptive charging technology helps optimize battery performance and longevity.

Flexible Configurations

The cradles are available in 1-slot, 2-slot, 5-slot, and 10-slot models, including additional options compatible with the XCover7 Pro Smartcase. All versions allow simultaneous charging of XCover7 Pro phones and spare batteries where applicable, providing the flexibility to meet your charging needs.

Secure & Convenient

The XCover7 Pro fits securely into the cradle and charges via pogo pins, resulting in less wear-and-tear on device ports.

Upgradeable & Future-Proof

A modular spacer system allows your charging solution to adapt as your device lineup evolves. When upgrading to future Galaxy smartphones, simply update the spacers instead of replacing the entire cradle. This thoughtful design reduces electronic and plastic waste while protecting your investment.

Charging Cradle Details

LED Indicator

OFF: Power Off, Ready to charge

Green: Fully charged

Orange: Charging

Blinking Orange: No spacer

Blinking Red: Charging error

Blinking Green & Red: Ready for firmware upgrade (1-Slot only)
