The Adapt-LTS 15.6" Tablet

With hardware designed for commercial and retail use, added features such as a robust case, tempered-glass design, testing for 24/7 use, VESA mounting, SD card protection system, and stereo audio output, our tablet is the best Android solution for demanding commercial and retail environments. The Adapt-LTS utilizes the security of wired with optional power over Ethernet OR the convenience of wireless Ethernet connections. Designed for fixed applications where a rugged mountable Android tablet is desired and where battery power is not required.

The Mimo Adapt-LTS tablet is designed to enhance the customer experience and provide the most cost-effective solutions for retail, commercial, industrial, and hospitality markets. Perfect for end-cap displays, kiosks, or as a customer-facing display in retail POS/POP environments. The Adapt-LTS is fully equipped with all the typical tablet functions for running advanced and sophisticated client applications and offering users a rich and interactive experience.
