

# The all-in-one tool that simplifies family scheduling

10.1" Smart WiFi Digital Calendar & Photo Frame with 32GB Built-in Memory

The 10.1" Smart WiFi Digital Calendar & Photo Frame is a valuable tool for managing your busy daily life. Sync your frame to your Google, Apple, Yahoo, Outlook or Cozi calendars to seamlessly consolidate everyone's schedules - all in one place with the help of the easy-to-use eCalendar smartphone app for iOS and Android. Create to-do lists, schedule chores, plan meals and more. Automated reminders help to keep all tasks on track and boosts productivity.

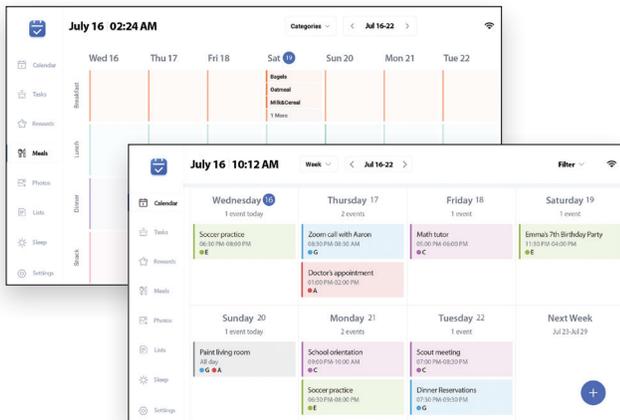

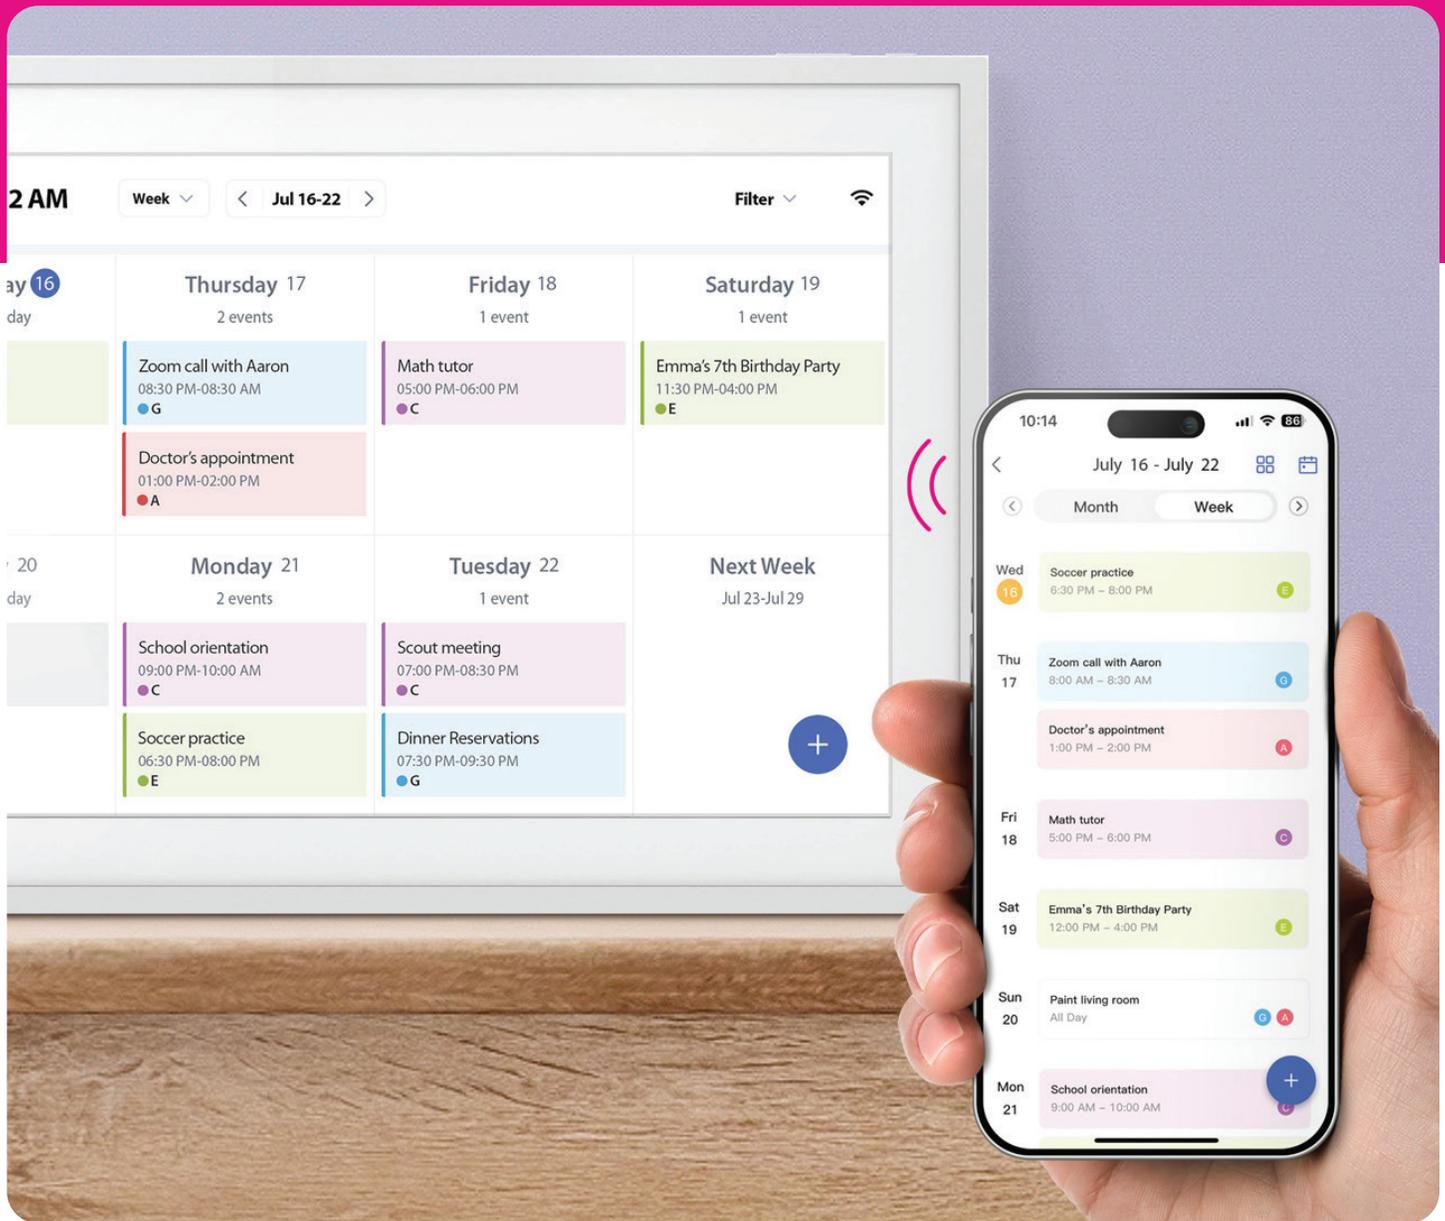

In addition, easily share your photos and videos with incredible image clarity on the vibrant true color touchscreen IPS LCD

panel in 1080p resolution at an ideal 16:9 aspect ratio. Display media in vertical or portrait mode with advanced settings that allow images to be viewed in full screen regardless of the frame's orientation. The frame features Dual Band 2.4/5 GHz for faster media delivery.

For use with the eCalendar smartphone app

Sync your calendar with Google, Apple, Yahoo, Outlook and Cozi to seamlessly consolidate everyone's schedules.

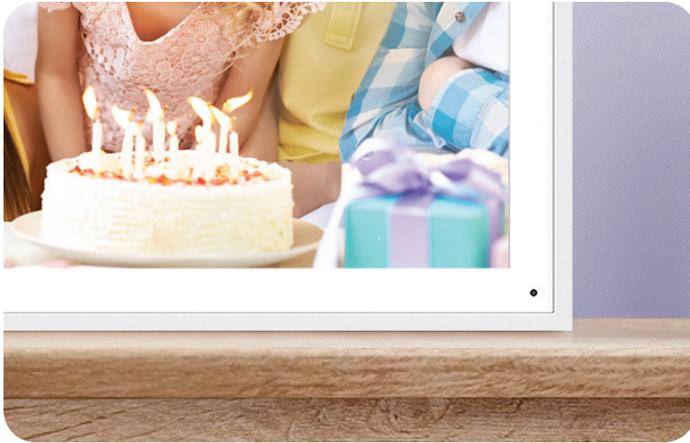

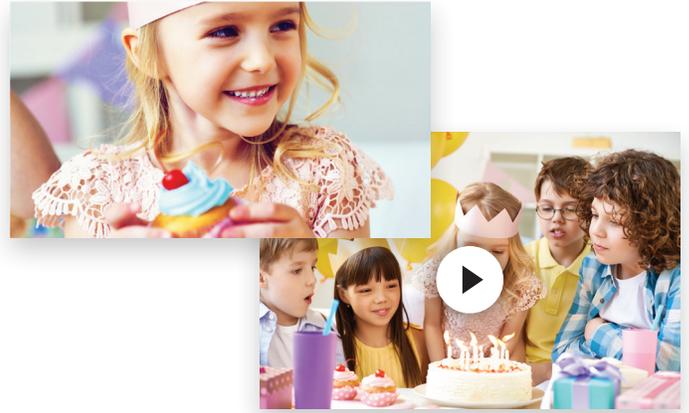

## Smart Family eScheduling

Sync your Google, Apple, Yahoo, Outlook and Cozi calendars to the frame. With color-coded events, to-do lists, task and meal planning, this all-in-one tool simplifies scheduling for busy households.

## Wireless Photo and Video Sharing

Easily share your photos and videos with incredible image clarity on the true color touchscreen IPS LCD panel in 1080p resolution at an ideal 16:9 aspect ratio. Features Dual Band 2.4/5 GHz for faster media delivery.

## Light Sensor Activated

The digital photo frame has a built-in light sensor that helps save power usage by automatically powering on/off and adjusting the screen brightness based on the amount of light in the room.

## Auto Rotation

The frame includes a removable stand so it can be viewed horizontally or vertically, or mounted to a wall. Photos and videos will automatically rotate to the frame's orientation. Advanced settings allow media to be viewed in full screen regardless of the frame's orientation.

## Smartphone App Functionality

For use with our eCalendar app for download on iOS / Android devices. Select photos and videos to display, sync your calendar, create tasks, schedule events and more - right from the app.
