

Heetz Foot and Leg Heater - Deluxe Version

When you're cold, it's hard to concentrate and focus. The Heetz Foot and Leg Heater is the perfect solution for a cold office or workspace. This compact, under-desk heater is ideal for offices, home spaces, and dorm rooms and ensures that you stay warm and comfortable wherever you are.

FEATURES

- **All-Around Warmth for Feet and Legs:** The Heetz Foot and Leg Heater surrounds your feet and legs with soothing heat, providing relief and comfort
- **Heated Foot Pad for Added Warmth:** The integrated heated foot pad and removeable blanket add a layer of extra warmth
- **Customizable Temperature Settings:** Choose from three temperature settings, easily adjusting the heat to your preference
- **Adjustable Timer Settings:** Timer control allows you to set the heater to stay on for 2, 4 or 8 hours
- **Fast & Efficient Heating:** Heats up to 110 degrees within 1 minute, providing relief and warmth quickly
- **Space-Saving & Convenient:** Designed to fit perfectly under a desk or in tight spaces, this heater offers portability without taking up too much space
- **Safety First with Auto Shutoff & Overheating Protection:** The tip-over and overheating protection features ensure the heater automatically shuts off if accidentally knocked over or overheats, providing peace of mind when in use
