# Monitor Arms Powered by Humanscale

## Catalog

In today's fast-paced, agile workspace, there's no time for discomfort. Humanscale's next generation monitor arm line instantly personalizes any workstation for improved comfort, health and productivity. Designed for unprecedented adaptability, our monitor arms focus on ergonomics and the use of technology. Featuring innovations like Humanscale's patented Weight-Compensating Spring Technology and Smart Stop functionality, Humanscale's monitor arms enable the personalization and flexibility needed for today's evolving workplaces.

### Monitor Arms Features & Benefits

- Our monitor arms allow the user to place their screen(s) at an optimal ergonomic position
- Flexible rubber channels easily hide, protect, and manage your cables
- A patented, weight-compensating spring technology enables smooth and uniform height adjustment
- A built-in counterbalance Indicator provides the ability to counterbalance the monitor weight before monitor installation to reduce expensive computer set-up costs
- Patent-pending Smart Stop allows the user to customize the rotation of the arm, preventing overhang and protecting surrounding equipment
- Patent-Pending Quick Release Joints instantly snap together for a secure and robust fit, simplifying installation
- Only one tool is required, and its neatly concealed inside the arm base
- Optional Accessory Holder holds items up to 1.4 kg (3 lbs)

|--------------------------------|----------------------|
| <b>Maximum Monitor Width</b>   | 1,090 mm (43 in)     |
| <b>Monitor Weight Capacity</b> | Up to 10 kg (22 lbs) |
| <b>Product Weight</b>          | 4 kg (9 lbs)         |
| <b>Warranty Period</b>         | 15 year, 24/7        |

### About M2.1

M2.1 Monitor Arms supports a better working posture, creates more usable desktop space and helps maintain a clutter-free environment. It offers quick, simple installation and industry-leading flexibility thanks to patent-pending Quick Release joints that instantly snap together for a secure and robust fit.

### M2.1 Is a Net Positive Product

M2.1 is Living Product Certified, meeting the most rigorous sustainable manufacturing criteria to date. This means that M2.1 is climate, water and energy positive. Every time we make these products the planet is better off. With a mission to create a healthier world, we are proud that over 60% of our products are certified net positive.

| <b>Warranty Period</b>         | 15 year, 24/7                       |

## About M/Flex

M/Flex's modular design makes it simple to reconfigure and allows for independent adjustment of monitors when they are used separately — encouraging flexibility and collaboration at the workstation. By easily setting monitors at an optimal distance and height, M/Flex increases usable desk space and allows the user to work in a healthy posture throughout the day.

## M/Flex Is a Net Positive Product

M/Flex for M2.1 is Living Product Certified, meeting the most rigorous sustainable manufacturing criteria to date. This means that M/Flex for M2.1 is climate, water and energy positive. Every time we make these products the planet is better off. With a mission to create a healthier world, we are proud that over 60% of our products are certified net positive.
