PRGS Projector Mount

FOR PROJECTORS UP TO 50LB (22KG)

The PRGS Projector Mount simplifies the way image alignment is done. The precision gear design allows exact pitch and roll image positioning by either simply turning two adjustment knobs with a Phillips screw driver, or using the tool-less option by extending the knobs to adjust by hand. With Peerless-AV® PRGS Projector Mount, just set it and forget it. No more adjustment screws. No more micro adjustments. No more hassles.
