PLA Series Articulating Wall Arm

FOR 37" TO 95" DISPLAYS

The PLA60 offers a single solution for mounting displays up to 95" in a wide range of installations, including lobbies, hotel rooms, boardrooms, public displays, or home theaters. Its all-steel construction enables the mount to hold screens up to 175lb, while its self-lubricating bushings enable the arms to smoothly articulate and position your display for optimal viewing. Combined with adjustable tilt and pivot capabilities, the PLA60 is the only wall arm you need.

- Arm extends up to 32.37" (822mm) from wall
- +10/-5° of tilt
- ±1" (24mm) vertical adjustment located within reach behind display with PLAV60 models
- Universal models adapt to displays with mounting hole patterns up to 730 x 433mm (28.75" W x 17.05" H)
- Includes mesh cord sheath and cable ties to neatly manage cables
- Five horizontal arm positions at 2.6" (66mm) centers for flexible lateral display placement

±1" (24mm) Vertical Adjustment
Located within Reach Behind
Display with PLAV60 Models

Includes Mesh Cord
Sheath and Cable Ties to
Neatly Manage Cables
