

Poly Studio X32 All-In-One Video Bar No Radio TAA (A3SW1AA)

Unleash big connections in small spaces

Small rooms, big conversations. Simplify the moment with the all-in-one Poly Studio X32 video bar. Deliver an immersive and inclusive experience with advanced audio and video AI technology and connect instantly with built-in video conferencing apps.

Focus. Clarity. Connection

When everyone feels seen and heard, ideas flourish — even in small rooms. Poly audio and video innovations deliver an immersive meeting experience that keeps the focus solely on participants. No distractions, just effortless collaboration.

All-in-one and ready to go

Intimate huddles are about connecting with people, not fumbling with cables. Simplified one-touch join means you get a familiar and consistent user experience on nearly all the leading cloud video services.

Maximize meeting time, minimize setup

Streamline your conferencing experience with this PoE-enabled all-in-one video bar, purposely built for smaller spaces. Enjoy flexible configuration options and easy management through Poly Lens.

Featuring

Smart framing for inclusive collaboration

Make your presence felt with Poly DirectorAI. Through AI and machine learning, an array of framing and tracking modes enhance your meetings by better capturing human expression. Remove unwanted distractions and confusion over who says what.

Your best face, every time

In small rooms, every interaction counts. A 4K 20 MP UltraHD camera with a 120-degree FOV ensures every expression is clearly seen. Pair it with the Poly Studio E360[3] for a truly multi-cam experience that adds a natural flow to the conversation.

Immersive audio, effortless connections

Effortlessly engage in conversations with room-filling audio from stereo speakers with an acoustic chamber design. The beamforming microphone array captures every voice with precision.

Keep the focus on participants' voices

Experience audio quality that fuels collaboration and productivity. Using advanced AI and machine learning, Poly audio innovations provide noise cancellation and voice clarity creating a focused call that brings everyone together.

Works with the video apps you know

Enjoy instant collaboration. Anyone can walk into the room and seamlessly join calls with a consistent video meeting experience thanks to built-in cloud video apps. No PC or gateway

Specifications
