# SEAMLESS CONNECT
# Universal dvLED Trim Kit

FOR LEDUNV MODELS

Perfect your next dvLED video wall installation with the Peerless-AV® SEAMLESS Connect Universal Trim Kit. This sleek, purpose-built accessory conceals exposed edges of direct view LED displays to deliver a clean, fully finished appearance. Its universal, depth-adjustable design attaches to both the mount and display, framing the entire perimeter of video walls with a depth range of 2.6" to 5.9" (66mm to 150mm). Trim sections are field-cuttable for a precise fit, tailored to each unique installation. Each 4' (1220mm) segment is packaged in compact, easy-to-handle cardboard boxes – minimizing environmental impact, shipping costs, and storage space. Lightweight and easy to install, the SEAMLESS Connect Universal Trim Kit provides installers with a streamlined solution for achieving a polished, professional dvLED video wall.

- Compatible with Peerless-AV® SEAMLESS Connect Universal Wall Mounts and Substructures (LEDUNV Models)

- Sleek, narrow-bezel Trim Kit elegantly completes the video wall, seamlessly concealing the exposed edges of the dvLED display

- Available in both solid and vented styles, the trim section options let you choose the ideal combination to suit your video wall installation*

- ADA-compliant, depth-adjustable design accommodates a range from 2.6" to 5.9" (66mm to 150mm), ensuring flexibility for various installation needs

- Designed for on-site customization, the Trim Kit can be cut to length in the field, making it easy to stock and ready for immediate shipment

- Each 4' (1220mm) trim section is packaged in compact, easy-to-handle cardboard boxes – reducing environmental impact, lowering shipping costs, and saving storage space

* Customer is responsible for making sure the ventilation selected is right for their video wall requirements.

SLEEK OUTER TRIM KIT
Powder-coated, narrow bezel with molded corners offers a polished, high-end appearance from edge to edge
