

# AirFlux 300

## 2-in-1 Portable Air Pump & Jump Starter

**6.0L** | **3.0L**  
GAS | DIESEL

The AirFlux 300 is your all-in-one roadside companion, combining a powerful air pump and a reliable jump starter in one compact device. Effortlessly inflate tires, sports equipment, and more, while the built-in jump starter gets your car, SUV, or motorcycle back on the road in minutes. Compact, easy to use, and ready when you need it most.

### Precise Digital Display

The digital display feature on this portable tire pump offers clear and precise pressure readings, and provides real-time updates for easy, accurate inflation.

### Auto Stop Function

The AirFlux 300's auto stop feature automatically stops inflation at your pre-set pressure, preventing overinflation and protecting your tires for optimal performance.

### Jump Starter

Equipped with a powerful jump starter, this portable air pump doubles as a reliable emergency backup for your vehicle. Capable of jump-starting most cars, SUVs, motorcycles, and more, it ensures you're never stranded with a dead battery. Perfect for roadside emergencies, it provides peace of mind wherever your journey takes you.

### Smart Preset Modes

The portable tire pump's 5 smart preset modes—Bike, Motorbike, Car, Ball, and Manual—provide the perfect pressure for each use, ensuring accurate and convenient inflation using its 4 pressure units: PSI, KPA, BAR, and KG/CM<sup>2</sup>

### Integrated Power Supply

The AirFlux 300's built-in 12000mAh battery offers reliable, cordless use, perfect for on-the-go. This powerful battery can inflate multiple tires or other inflatables, as well as jump start vehicles without needing a constant power source.

### Specifications:

Digital Display:	Preset pressure & real time pressure
5 Smart Modes:	Preset modes for bike, motorbike, car, ball, and manual use
Auto Stop Function:	Automatically stops at the pre-set target
Measurement Unit Switch:	Switchable units between PSI, KPA, BAR, and Kg/cm <sup>2</sup>
Maximum Air Pressure:	160 PSI
Air Flow Rate:	25-28 L/min
Built-in Lithium-ion Battery:	12000mAh/14.8V/45Wh
Start/Peak Current:	500A/1000A
Charging Time:	3-4 Hours
Working Time:	20-25 Minutes, can ignite up to 11 times
Smart Control Clamp:	With charging IC, low battery alarm, reverse charging, over-time charging cutoff
LED Emergency Lighting:	Normal / SOS / Flashing
Unit Dimensions:	5.25 x 7.2 x 1.9"
Unit Weight:	1.6 lbs
Accessories:	*1 Storage bag, *1 hose, *1 charging cable, *1 ball needle, *1 presta valve, *1 clamp
