XtremeScan Charging Dock

For XtremeScan and XtremeScan Grip Data Readers

Keep your XtremeScan devices powered and secure with durable, mount-ready docks built for mobile professionals. With optional RAM® B Size Diamond Ball Mounts, these charging docks give you the flexibility to create your ideal forklift, vehicle, or workstation setup, whether you're building new or integrating with your existing RAM Mount system.

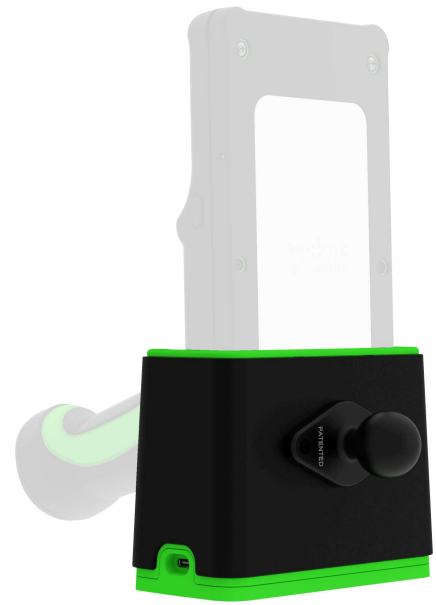

Data reader not included.

The XtremeScan Charging Dock offers a reliable charging and mounting foundation for users of Socket Mobile's XtremeScan (XS), XtremeScan Case (XC), and XtremeScan Grip (XG) devices. Each version is designed to fit your specific device configuration, ensuring a secure hold and correct screen orientation.

Optional variants include a pre-attached RAM® B Size 1" Diamond Ball Mount, offering a solid anchor point for thousands of compatible mounting arms, plates, and bases available through RAM® Mounts.

These docks are designed to charge, secure, and integrate seamlessly into your existing workflow, whether mounted in a vehicle or stationed on a workbench.

Benefits Overview:

- **Efficient Charging:** Secure charging connection keeps your device powered through every shift
- **Modular Mounting:** Optional ball mount lets you connect to RAM arms, extensions, and vehicle mounts
- **Customizable Setup:** Choose your own RAM components to match your vehicle, surface, or orientation
- **Device Protection:** Keeps scanners docked and out of harm's way when not in use
- **Clean Integration:** Minimal footprint, sleek design, industrial-ready build

Configuration Options

Choose the model that fits your device and install needs:

- **XS/XC Dock (available soon)**
 - Designed for Socket Mobile's XtremeScan (XS) data readers and XtremeScan Case (XC)
 - Screen faces user when docked
- **XS/XC Dock w/ Vehicle Mount (available soon)**
 - Includes XS/XC Dock + Pre-attached RAM® B Size 1" Diamond Ball Mount
 - Mount attaches to standard RAM arms and bases (sold separately)
 - View RAM mounting options: RAM® B Size Components
- **XtremeScan Grip (XG) Dock**
 - Designed specifically for XtremeScan Grip (XG) configuration
 - Ensures secure fit for pistol grip; XS/XC will dock but screen faces away
- **XtremeScan Grip (XG) Dock w/ Vehicle Mount (available soon)**
 - Includes Grip Dock + Pre-attached RAM® B Size 1" Diamond Ball Mount
 - Connects to RAM mounting hardware (arms/bases sold separately)
 - View RAM mounting options: RAM® B Size Components
 - Ideal for vehicle, wall, or workstation installations

Important Charging Note: *The XtremeScan Charging Dock uses a USB-C to USB-C cable (included). To enable in-vehicle charging, your vehicle or mounting setup must have a compatible USB-C power port available. Socket Mobile does not supply in-vehicle power adapters or ports.*
