

Notice: Shipping will be paused January 5–9, 2026 for annual inventory. Orders will resume shipping on January 12.

DuraSled Case (Apple)

For SocketScan and DuraSled 800 Series Readers

The DuraSled Case features rubberized material, which increases drop protection and durability for both the Apple iPhones/iPods and the 800 Series scanner.

The DuraSled Case shields both the phone and data reader from scratches and other damaging debris. It is ideal for mobile workers who are looking to use a handheld device and a scanner.

Features

- Compatible with Apple® iPhone and iPods
- Elastomeric case encloses and protects both the barcode scanner and phone
- Integrates connectors from both devices for simultaneous battery charging

Note: Apple phones, iPods, and data readers are **not included** with the DuraSled Case. When not using a [DuraSled Case charger](#) from Socket Mobile, the mobile device and data reader must be charged separately.
