Product **Description**

Imagine walking into a classroom or lecture hall and immediately sharing your content to engage your students. The ViewSonic® ViewShare™ WPD-900E wireless presentation system makes this possible with a true plug-and-play experience. Just plug it in, and you're ready to teach in seconds. Lessons move faster. Lectures start on time. Everyone stays focused on learning instead of the tech. The WPD-900E integrates smoothly with laptops, tablets, and phones via ChromeOS. Plus, it offers peace of mind with a direct, encrypted AES-128 connection that keeps student and faculty data protected without touching the campus network. It is the easiest way to bring seamless collaboration to any K-12 or higher education environment.
