

HP Poly Mission 815 Monaural USB Wired Headset (Bulk) (C01F8A6)

Total clarity, total focus

Designed for professionals who expect every call to sound its best, the HP Poly Mission 815 headset gives you rich, focused sound. With advanced ANC and three-mic design, it keeps distractions out — and your voice front and center all day long.

Unmatched voice clarity

The HP Poly Mission 815 headset keeps your calls clear and confident. Three noise-canceling mics, AI noise reduction^[1] and feedback ANC help you stay focused, even in busy environments.

Long lasting comfort

Work in comfort all day. The plush earcups and a lightweight frame create a comfortable fit that enhances passive and active noise cancellation performance - keeping you focused, hour after hour.

Plug in, power through

Make every connection effortless with USB Type-C® and USB Type-A compatibility, intuitive inline controls, and easy device management via HP Poly Studio App. These headsets keep productivity seamless from the first call to the last.

Featuring

AI noise reduction^[1]

AI noise reduction^[1] detects and filters ambient sounds so only your voice comes through. Meetings stay quiet and focused without manual muting.

SoundGuard Digital^[5]

SoundGuard Digital^[5] technology controls sudden audio spikes and continuous noise to keep levels safe and comfortable throughout the day without distorting speech quality.

Super wideband audio

Super wideband audio captures a broader frequency range to reproduce voice detail and tone more naturally. Conversations sound closer to in-person speech for clearer calls.

32 mm speaker driver

Large 32 mm driver delivers richer audio and sharper clarity, making voices easier to recognize and reducing listening fatigue during long sessions.

Rotatable microphone boom

A 285-degree rotating microphone lets users wear the boom on either side for comfort and control. Quick upward movement automatically mutes the mic for seamless silence when needed.
