

AI power, global scalability, and security in a 2-in-1 PC.

Work, write, watch, and collaborate with the HP EliteBook 8 Flip G2i—a premium 13-inch 2-in-1 HP Copilot+ PC^[4] for AI-enhanced workflows^[3] with long battery life, global mobility, HP Wolf Security^[5] and an optional fast-charging garaged pen.^[6]

One device. Four modes. Endless moves.

Flip between tablet, tent, stand, and laptop modes to match your workflow and environment.^[3]

Be seen. Be heard. Be the one they remember.

Join every meeting with confidence. Poly Camera Pro keeps you framed and distraction-free with smart background adjustments and spotlight.^[7]

Protection before the threat

HP Wolf Security for Business creates a hardware-enforced, always-on, resilient defense.^[5]

Featuring

HP recommends Windows 11 Pro for business

Work anywhere without compromising on performance with Windows 11 and HP collaboration, security, and connectivity technology. Summarize and rewrite content, get relevant content recommendations, and stay organized with Microsoft Copilot.^[1]

Intel® powers PCs next-gen AI

Free up time to focus on what matters with the latest Intel® Core™ Ultra processor with an NPU purposely built for the next era of AI software. Three compute engines manage AI workloads deliver long battery life, and powerful graphics.^[2]

Designed for where life takes you

Express yourself in almost any light using the ultra-bright outdoor viewable touch display with anti-glare and ambient light sensors.

Fast and efficient wireless LAN

The portability of your PC and the reliability of a fast connection determines where you can work. Get a fast and reliable connection in dense wireless environments with gigabit data rate Wi-Fi 7.^[9]

Browse confidently

Help protect your PC from websites and read only Microsoft Office and PDF attachments with embedded malware, ransomware, or viruses with hardware-enforced security from HP Sure Click.^[10]

Specifications

| | |
|---------------------------------------|--|
| Operating System Software | Windows 11 Pro ^[1] |
| Processor Family | Intel® Core™ Ultra 5 processor |
| Processor Name | Intel® Core™ Ultra 5 325 (up to 4.5 GHz with Intel® Turbo Boost Technology, 12 MB L3 cache, 8 cores, 8 threads) ^[6,7] |
| Standard Memory Description 01 | 32 GB LPDDR5x-8533 MT/s (onboard) |
| Hard Drive Description (01) | 512 GB PCIe® NVMe™ M.2 SSD |
| Memory Card Device | 1 Smartcard reader |
| Graphics Card Segment 01 | Integrated |
| GScardseg 01 Available Card 01 | Intel® Graphics |
| Display Description (metric) | 33.8 cm (13.3") diagonal, WUXGA (1920 x 1200), touch, IPS, anti-glare, 400 nits, 100% sRGB |
| Display Description | 13.3" diagonal, WUXGA (1920 x 1200), touch, IPS, anti-glare, 400 nits, 100% sRGB ^[13,14,15,16,17] |
| Audio Features | Audio by Poly Studio, dual stereo speakers, dual microphones enhanced by AI noise reduction |
| Product Dimensions (metric) | 30.18 x 21.61 x 1.18 cm (front); 30.18 x 21.61 x 1.55 cm (rear) <i>(Front height measurement is near the front edge where the chassis bottom cover taper begins. Back height measurement is near the back edge where the chassis bottom cover taper ends.)</i> |
| Product Dimensions (imperial) | 11.88 x 8.51 x 0.47 in (front); 11.88 x 8.51 x 0.61 in (rear) <i>(Front height measurement is near the front edge where the chassis bottom cover taper begins. Back height measurement is near the back edge where the chassis bottom cover taper ends.)</i> |
| Weight (metric) | Starting at 1.39 kg <i>(Weight will vary by configuration. Does not include power adapter.)</i> |
| Weight (imperial) | Starting at 3.06 lb <i>(Weight will vary by configuration. Does not include power adapter.)</i> |
| Keyboard | HP Premium Keyboard – spill resistant, backlit keyboard |
| Pointing Device | Clickpad with multi-touch gesture support, taps enabled as default |
| Sensors | HP Sure Platform; Thermal sensor; HP Tamper Lock; Hall effect sensor ^[13] |
| External I/O Ports | 1 HDMI 2.1; 1 stereo headphone/microphone combo jack; 1 nano security lock slot; 1 USB Type-A 10Gbps signaling rate (powered); 2 Thunderbolt™ 4 with USB Type-C® 40Gbps signaling rate (USB Power Delivery 3.0, DisplayPort™ 2.1); 1 USB Type-C® 10Gbps signaling rate (USB Power Delivery, DisplayPort™ 1.4) ^[12] <i>(HDMI cable sold separately.)</i> |
| Wireless Technologies | Intel® Wi-Fi 7 BE211 (2x2) and Bluetooth® 6.0 wireless card |
| Power Supply Required | HP 65 W USB Type-C® GaN power adapter ^[20] |
| Battery Type | HP Long Life 3-cell, 62 Wh Li-ion polymer |
| Sustainability Specifications | At least 80% recycled metal; Product Carbon Footprint; HP paper-based packaging is from recycled or certified sources; At least 45% post-consumer recycled plastic; At least 30% ocean-bound plastic; Low halogen; Bulk packaging available; External power supply 90% efficiency |
| UPC Number | 826581112266 |
| Manufacturer Warranty | 1-year warranty and 90 day software limited warranty options depending on country. HP Worldwide Limited Warranty for the battery is aligned with the warranty period of the HP Hardware Product. Refer to http://www.hp.com/support/batterywarranty/ for additional battery information. On-site service and extended coverage is also available. HP Care Pack Services are optional extended service contracts that go beyond the standard limited warranties. To choose the right level of service for your HP product, use the HP Care Pack Services Lookup Tool at: http://www.hp.com/go/cpc . |

Messaging Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows 11 is automatically updated, which is always enabled. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>. Microsoft Copilot requires Windows 11. Some features require an NPU. Timing and availability will be dependent on Microsoft and varies by market and device. Requires Microsoft account to log in. Where Copilot is not available, the Copilot key will lead to the Bing search engine. See <http://aka.ms/WindowsAIFeatures>.

[2] Multicore is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance. Features and software that require an NPU may require software purchase, subscription or enablement by a software or platform provider, and third-party software may have specific configuration or compatibility requirements. Performance varies by use, configuration, and other factors. ISV solutions are sold separately and may require a subscription and NPU.

[3] Features and software that require an NPU may require software purchase, subscription or enablement by a software or platform provider, and third-party software may have specific configuration or compatibility requirements. Performance varies by use, configuration, and other factors.

[4] On some devices, some Copilot+ PC experiences require free updates continuing to roll out from Microsoft. Timing varies by device and region. See aka.ms/copilotpluspcs. Copilot is NOT available in China, Russia, Belarus, and embargoed regions Cuba, Iran, North Korea, Crimea.

[5] HP Wolf Security for Business requires Windows 10 or 11 Pro and higher, includes various HP security features and is available on HP Pro, Elite, Workstation, and RPOS products. See product details for included security features.

[6] Nested pen is an optional feature that must be configured at the time of purchase.

[7] Requires HP app and Windows OS. AI Magic Background runs on the GPU when initially generating your background in Poly Camera Pro. The NPU is used for streaming your restyled background in your collaboration applications.

[9] Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited. Wi-Fi 7 (802.11BE) functionality requires compatible Windows 11 OS, compatible processor, and separately purchased Wi-Fi 7 router to support backwards compatibility with prior 802.11 specs. Available in countries where Wi-Fi 7 is supported. The specification for 802.11BE is a draft specification and is not final. If the final specification differs from the draft specification, it may affect the ability of the device to communicate with other 802.11BE devices. Wi-Fi® supporting gigabit data rate is achievable with Wi-Fi 7 (802.11BE) when transferring files between two devices connected to the same router. Requires a wireless router, sold separately, that supports 160MHz channels.

[10] HP Sure Click requires Windows 10 and higher. See https://bit.ly/2PrLT6A_SureClick for complete details.

Technical Specifications Footnotes

[1] Not all features are available in all editions or versions of Windows. Systems may require upgraded and/or separately purchased hardware, drivers, software or BIOS update to take full advantage of Windows functionality. Windows is automatically updated and enabled. High speed internet and Microsoft account required. ISP fees may apply and additional requirements may apply over time for updates. See <http://www.windows.com>.

[6] Multi-core is designed to improve performance of certain software products. Not all customers or software applications will necessarily benefit from use of this technology. Performance and clock frequency will vary depending on application workload and your hardware and software configurations. Intel's numbering, branding and/or naming is not a measurement of higher performance.

[7] Intel® Turbo Boost performance varies depending on hardware, software and overall system configuration. See <http://www.intel.com/technology/turboboost/> for more information.

[12] USB 20Gbps signaling rate is not available with Thunderbolt™ 4. Actual throughput may vary.

[13] Sold separately or as an optional feature.

[14] Resolutions are dependent upon monitor capability, and resolution and color depth settings.

[15] HP Sure View integrated privacy screen is an optional feature that must be configured at purchase and is designed to function in landscape orientation.

[16] Actual brightness will be lower with touchscreen or Sure View.

[17] All specifications represent the typical specifications provided by HP's component manufacturers; actual performance may vary either higher or lower.

[20] Availability may vary by country.
